## INDEPENDENT AUDITORS' REPORT

Mayor Jackson Ading  
Enewetak/Ujelang Local Government  
Republic of the Marshall Islands:

We have audited the accompanying statement of revenues, expenditures and changes in fund balance of the Enewetak/Ujelang Local Government (EULGOV) Food and Agriculture Support Program (the Program), a governmental fund of EULGOV, for the year ended September 30, 2009. This financial statement is the responsibility of the Program's management. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Program's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As discussed in Note 1 to the financial statement, the financial statement referred to above presents only the EULGOV Food and Agriculture Support Program and is not intended to present fairly the results of operations of the Enewetak/Ujelang Local Government in conformity with accounting principles generally accepted in the United States of America.

In our opinion, the financial statement referred to above presents fairly, in all material respects, the results of operations of the Program for the year ended September 30, 2009, in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated March 25, 2011, on our consideration of the Program's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

March 25, 2011

**ENEWETAK/UJELANG LOCAL GOVERNMENT  
FOOD AND AGRICULTURE SUPPORT PROGRAM**

Notes to Statement of Revenues, Expenditures and  
Changes in Fund Balance  
September 30, 2009

(1) Organization

The Enewetak/Ujelang Local Government (EULGOV) was established pursuant to Public Law 1981-2, the Local Government Act of the Republic of the Marshall Islands, and operates under the Constitution of the Enewetak/Ujelang Local Government. EULGOV is governed by an elected mayor and a fifteen-member council. The EULGOV Food and Agriculture Support Program (the Program) is considered a governmental fund of EULGOV and was established to account for funding received pursuant to Section 103(f)(2) of the Compact of Free Association Amendments Act of 2003.

The accompanying financial statement relates solely to those accounting records maintained by the Program, and does not incorporate any accounts related to any other departments or agencies of EULGOV.

(2) Summary of Significant Accounting Policies

The financial statement of the Program has been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP), as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the Program's accounting policies are described below.

A. Measurement Focus and Basis of Accounting

The Program reports the results of its operations in one governmental fund. A fund is a separate accounting entity with a self-balancing set of accounts. They are concerned only with the measurement of financial position and are not involved with measurement of results of operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities.

Governmental funds are used to account for all or most of a government's general activities, including the collection and disbursement of earmarked monies (special revenue funds).

B. Basis of Presentation

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All governmental funds are accounted for using a current financial resources measurement focus. Operating statements of these funds present increases (i.e., revenues and other financing sources) and decreases (i.e., expenditures and other financing uses) in net current assets.

The modified accrual basis of accounting is used by all governmental fund types. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available). "Measurement" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Expenditures are recorded when the related liability is incurred.

**ENEWETAK/UJELANG LOCAL GOVERNMENT  
FOOD AND AGRICULTURE SUPPORT PROGRAM**

Notes to Statement of Revenues, Expenditures and  
Changes in Fund Balance  
September 30, 2009

(2) Summary of Significant Accounting Policies, Continued

C. Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

(3) Risk Management

The Program is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Program has elected to purchase commercial automobile and marine insurance from independent third parties for the risks of loss to which it is exposed. For other risks of loss to which it is exposed, the Program has elected not to purchase commercial insurance. Instead, the Program's management believes it is more economical to manage its risks internally. In the event of claim settlements and judgments, the Program reports all of its risk management activities in the General Fund of EULGOV. Claims expenditures and liabilities are reported when it is probable that a loss has occurred and the amount of that loss can be reasonably estimated. These losses include an estimate of claims that have been incurred but not reported. No material losses have resulted from the Program's risk management activities for the past three years.

(4) Contingency

Questioned Costs

The Program is subject to financial and compliance audits to ascertain if Federal laws and guidelines have been followed. Cumulative questioned costs of \$2,253,090 exist as of September 30, 2009. In addition, the Program is considered to have responsibility for any questioned costs that may result from Single Audits of the Program for the fiscal years for which audits have not been performed. The ultimate disposition of these questioned costs can be determined only by final action of the grantor agency. Therefore, no provision for any liability that may result upon resolution of these matters has been made in the accompanying financial statement.

**INDEPENDENT AUDITORS' REPORTS ON  
INTERNAL CONTROL AND ON COMPLIANCE**

---

**YEAR ENDED SEPTEMBER 30, 2009**

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Mayor Jackson Ading  
Enewetak/Ujelang Local Government  
Republic of the Marshall Islands:

We have audited the financial statement of the Enewetak/Ujelang Local Government Food and Agriculture Support Program (the Program) for the year ended September 30, 2009, and have issued our report thereon dated March 25, 2011. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

**Internal Control Over Financial Reporting**

In planning and performing our audit, we considered the Program's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statement, but not for the purpose of expressing an opinion on the effectiveness of the Program's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Program's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses. However, as discussed below, we identified certain deficiencies in internal control over financial reporting that we consider to be significant deficiencies.

A *control deficiency* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A *significant deficiency* is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with accounting principles generally accepted in the United States of America such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control. We consider the deficiencies described in the accompanying Schedule of Findings and Questioned Costs (pages 8 through 12) as items 2009-1 and 2009-2 to be significant deficiencies in internal control over financial reporting.

A *material weakness* is a significant deficiency, or a combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in the internal control that might be significant deficiencies and, accordingly, would not necessarily disclose all significant deficiencies that are also considered to be material weaknesses. However, we believe that none of the significant deficiencies described above are material weaknesses.

#### Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Program's financial statement is free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

The Program's responses to the findings identified in our audit are described in the accompanying Schedule of Findings and Questioned Costs. We did not audit the Program's responses and, accordingly, we express no opinion on them.

This report is intended solely for the information and use of the management of the Program, federal awarding agencies, pass-through entities and the cognizant and other federal agencies and is not intended to be and should not be used by anyone other than these specified parties.

A handwritten signature in black ink that reads "Deloitte + Touche LLP". The signature is written in a cursive, stylized font.

March 25, 2011

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE WITH REQUIREMENTS  
APPLICABLE TO EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER  
COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133 AND ON THE  
SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS**

Mayor Jackson Ading  
Enewetak/Ujelang Local Government  
Republic of the Marshall Islands:

### Compliance

We have audited the compliance of the Enewetak/Ujelang Local Government Food and Agriculture Support Program (the Program) with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that are applicable to its one major federal program for the year ended September 30, 2009. The Program's major federal program is identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs (pages 8 through 12). Compliance with the requirements of laws, regulations, contracts, and grants applicable to its one major federal program is the responsibility of the Program's management. Our responsibility is to express an opinion on the Program's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Program's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the Program's compliance with those requirements.

In our opinion, the Program complied, in all material respects, with the requirements referred to above that are applicable to its Enewetak Food and Agriculture Support Program (CFDA # 15.875) for the year ended September 30, 2009. However, the results of our auditing procedures disclosed instances of noncompliance with those requirements, which are required to be reported in accordance with OMB Circular A-133 and which are described in the accompanying Schedule of Findings and Questioned Costs as items 2009-1 and 2009-3.

## Internal Control Over Compliance

The management of the Program is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the Program's internal control over compliance with the requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly we do not express an opinion on the effectiveness of the Program's internal control over compliance.

Our consideration of internal control over compliance was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in the entity's internal control that might be significant deficiencies or material weaknesses as defined below. However, as discussed below, we identified certain deficiencies in internal control over compliance that we consider to be significant deficiencies.

A *control deficiency* in the entity's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement of a federal program on a timely basis. A *significant deficiency* is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to administer a federal program such that there is more than a remote likelihood that noncompliance with a type of compliance requirement of a federal program that is more than inconsequential will not be prevented or detected by the entity's internal control. We consider the deficiencies in internal control over compliance described in the accompanying Schedule of Findings and Questioned Costs as items 2009-1 and 2009-3 to be significant deficiencies.

A *material weakness* is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected by the entity's internal control. We did not consider the significant deficiencies described in the accompanying Schedule of Findings and Questioned Costs to be material weaknesses.

The Program's responses to the findings identified in our audit are described in the accompanying Schedule of Findings and Questioned Costs. We did not audit the Program's responses and, accordingly, we express no opinion on them.

## Schedule of Expenditures of Federal Awards

We have audited the basic financial statement of the Program for the year ended September 30, 2009, and have issued our report thereon dated March 25, 2011. Our audit was performed for the purpose of forming an opinion on the basic financial statement taken as a whole. The accompanying Schedule of Expenditures of Federal Awards (page 6) is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the basic financial statement. This schedule is the responsibility of the Program's management. Such information has been subjected to the auditing procedures applied in our audit of the basic financial statement and, in our opinion, is fairly stated, in all material respects, when considered in relation to the basic financial statement taken as a whole.

This report is intended solely for the information and use of the management of the Program, federal awarding agencies, pass-through entities and the cognizant and other federal agencies and is not intended to be and should not be used by anyone other than these specified parties.

A handwritten signature in black ink that reads "Deloitte + Stark LLP". The signature is written in a cursive, slightly stylized font.

FOOD AND AGRICULTURE SUPPORT PROGRAM**

Schedule of Findings and Questioned Costs, Continued  
Year Ended September 30, 2009

Finding No.: 2009-1  
CFDA No.: 15.875  
Grantor Agency: U.S. Department of the Interior  
Program/Area: Allowable Costs/Cost Principles  
Questioned Costs: \$0

Supporting Invoice and Travel Reports

Criteria: Disbursements should be accompanied by valid vendor invoices, receipts or other equivalent documents to support validity of the underlying transaction. Travel related expenses should be supported by approved travel authorizations and trip reports to document the purpose and result of the trips attended for proper program evaluation.

Condition: Trip report for travel expenses of \$2,009 could not be located.

Cause: The cause of the above condition is the lack of adequate policies and procedures implemented to ensure that disbursements are adequately supported by vendor invoices, billings and trip reports.

Effect: Lack of supporting documentation would raise concerns as to compliance with the prescribed procurement process resulting to increased risks of unauthorized and invalid transactions being processed.

Recommendation: We recommend proper filing of appropriate documents to support program expenses.

Auditee Response and Corrective Action Plan:

Who: Neil Flores

What:

When: Immediately

**ENEWETAK/UJELANG LOCAL GOVERNMENT  
FOOD AND AGRICULTURE SUPPORT PROGRAM**

Schedule of Findings and Questioned Costs, Continued  
Year Ended September 30, 2009

Finding No. 2009-2

Bank Reconciliations

Criteria: Bank reconciliations should be initialed by the preparer and reviewer.

Condition: Monthly bank reconciliations are not initialed by the preparer and reviewer.

Cause: The cause of the above condition is the lack of policies and procedures to ensure adequate segregation of duties pertaining to monthly bank reconciliations.

Effect: The effect of the above condition is potential misstatement of cash accounts.

Recommendation: We recommend that EULGOV adopt policies and procedures to ensure adequate segregation of duties pertaining to monthly bank reconciliations.

Prior Year Status: The lack of internal control over bank reconciliations was reported as a finding in the Single Audit of the Program for fiscal year 2008.

Auditee Response and Corrective Action Plan:

Who: Neil Flores

What: Segregation of duties in the monthly bank reconciliation will be implemented. The bank reconciliation will be initialed by the preparer and reviewed and approved by myself.

When: Immediately

**ENEWETAK/UJELANG LOCAL GOVERNMENT  
FOOD AND AGRICULTURE SUPPORT PROGRAM**

Schedule of Findings and Questioned Costs, Continued  
Year Ended September 30, 2009

Finding No.: 2009-3  
CFDA No.: 15.875  
Grantor Agency: U.S. Department of the Interior  
Program/Area: Procurement and Suspension and Debarment  
Questioned Costs: \$35,981

Criteria: Purchases less than \$100,000 require evidence of informal bidding procedures. For purchases greater than \$100,000, formal bidding procedures are required. Additionally, costs incurred for common or joint purposes should be allocated to the program based on a predetermined methodology.

Condition: Of thirty-one non-payroll expenditures tested, totaling \$1,160,028, procurement of services, supplies and equipment from vendors for the following items did not evidence adequate support of either informal or formal procurement procedures.

<u>Check #</u>	<u>Amount</u>
37803	\$ 33,600
37726	2,381
	<u>\$ 35,981</u>

Cause: The cause of the above condition is the lack of support evidencing informal or formal procurement procedures for the procurement of goods and services.

Effect: The effect of the above condition is noncompliance with procurement procedures. Therefore, questioned costs result from this finding.

Recommendation: We recommend that EULGOV comply with requisite procurement standards.

Prior Year Status: The lack of informal procurement procedures was reported as a finding in the Single Audits of the Program for fiscal years 1994 through 1998 and 2003 through 2008.

Auditee Response and Corrective Action Plan:

Who: Neil Flores

What: Informal bidding procedure will be followed

When: Immediately

**ENEWETAK/UJELANG LOCAL GOVERNMENT  
FOOD AND AGRICULTURE SUPPORT PROGRAM**

Unresolved Prior Year Findings and Questioned Costs  
Year Ended September 30, 2009

Questioned Costs

The prior year report on compliance with laws and regulations noted the following questioned costs and comments that were unresolved at September 30, 2009:

Questioned costs, fiscal year 2003 audit	\$ 1,125,696
Questioned costs, fiscal year 2004 audit	394,109
Questioned costs, fiscal year 2005 audit	595,058
Questioned costs, fiscal year 2006 audit	53,133
Questioned costs, fiscal year 2007 audit	27,551
Questioned costs, fiscal year 2008 audit	21,562
Questioned costs, fiscal year 2009 audit	<u>35,981</u>
Unresolved questioned costs at September 30, 2009	\$ <u><u>2,253,090</u></u>

Unresolved Findings

The status of unresolved findings is discussed in the Schedule of Findings and Questioned Costs section of this report (pages 8 through 12).
