#### **INDEPENDENT AUDITORS' REPORT**

His Excellency Kessai Note President Republic of the Marshall Islands:

We have audited the accompanying financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Republic of the Marshall Islands (RepMar), as of and for the year ended September 30, 2004, which collectively comprise RepMar's basic financial statements as set forth in Section II of the foregoing table of contents. These financial statements are the responsibility of the management of RepMar. Our responsibility is to an express opinion on the respective financial statements based on our audit. We did not audit the financial statements of the Marshall Islands National Telecommunications Authority, which represent 23% and 12%, respectively, of the assets and revenues of RepMar's discretely presented component units. Those financial statements were audited by other auditors whose report thereon has been furnished to us, and our opinion, insofar as it relates to the amounts included for the Marshall Islands National Telecommunications Authority, is based solely on the report of the other auditors.

Except as discussed in the following paragraphs, we conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the respective financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of RepMar's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the respective financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit and the report of other auditors provide a reasonable basis for our opinion.

In accordance with RepMar's request, our audit of the respective financial statements did not include the financial activities of the Marshall Islands Scholarship, Grant and Loan Board, the Health Care Revenue Fund, the Ministry of Health Health Fund, and the Ministry of Education Head Start Program, whose financial activities are included in RepMar's governmental activities and represent 5% and 12%, respectively, of that activity's assets and revenues, and the Kwajalein Atoll Joint Utilities Resources, Inc., the Marshall Islands Development Bank, the Marshall Islands Visitors Authority, and the RMI Environmental Protection Authority, whose financial activities are included in the aggregate discretely presented component units and represent 33% and 8%, respectively, of the assets and revenues of RepMar's discretely presented component units. The entities comprising these financial activities were not able to produce audited financial statements and the effect on the respective financial statements is unknown.

Capital assets of the governmental activities acquired between fiscal years 1988 and 1998 and disposals since fiscal year 1988 have not been recorded within the accompanying statement of net assets. Furthermore, depreciation expense relating to these capital assets has not been recorded within the accompanying statement of activities for the year ended September 30, 2004. We were unable to ensure the physical presence of recorded amounts and related depreciation expense as RepMar has not performed a comprehensive inventory of its fixed assets.

In our opinion, based on our audit and the report of other auditors, except for the effects on the respective financial statements of such adjustments, if any, as might have been determined to be necessary had we been able to assure ourselves as to the propriety of RepMar's governmental activities capital assets, net assets invested in capital assets, net of related debt and depreciation expense, as discussed in the fourth paragraph above, and had we obtained audited financial statements of the Marshall Islands Scholarship, Grant and Loan Board, the Health Care Revenue Fund, the Ministry of Health Health Fund, the Ministry of Education Head Start Program, the Kwajalein Atoll Joint Utilities Resources, Inc., the Marshall Islands Development Bank, the Marshall Islands Visitors Authority, and the RMI Environmental Protection Authority, as discussed in the third paragraph above, such financial statements, as set forth in Section II of the table of contents, present fairly, in all material respects, the respective financial position of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Republic of the Marshall Islands as of September 30, 2004, and the respective changes in financial position thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The Management's Discussion and Analysis, on pages 3 through 11, as well as the Schedule of Revenues, Expenditures, and Changes in Deficit - Budget and Actual - General Fund and notes thereto, on pages 51 and 52, are not a required part of the basic financial statements but are supplementary information required by the Governmental Accounting Standards Board. This supplementary information is the responsibility of the management of RepMar. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplementary information. However, we did not audit such information and we do not express an opinion on it.

Our audit was conducted for the purpose of forming an opinion on RepMar's respective financial statements that collectively comprise RepMar's basic financial statements. The combining and individual fund financial statements, listed in Section IV of the foregoing table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements of RepMar. This supplementary information is the responsibility of the management of RepMar. The combining and individual fund financial statements have been subjected to the auditing procedures applied by us in the audit of the basic financial statements and, except for the effects of the matter described in the third paragraph above, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

In accordance with Government Auditing Standards, we have also issued our report dated June 10, 2005, on our consideration of RepMar's (Primary Government only) internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

June 10, 2005

Management's Discussion and Analysis Year Ended September 30, 2004

Our discussion and analysis of the Republic of the Marshall Islands ("RepMar") financial performance provides and overview RepMar's financial activities for the fiscal year ended September 30, 2004. Please read it in conjunction with RepMar's basic financial statements, which follow this section. Fiscal year 2003 comparative information has been included, where appropriate.

#### FINANCIAL HIGHLIGHTS

- For the fiscal year ended September 30, 2004, RepMar's total net assets increased by \$6.1 million (or 159%) from \$3.8 million in the prior year to \$9.9 million. This increase is primarily attributable to increases in the Intergenerational Trust Fund of \$7.5 million.
- During fiscal year 2004, RepMar's expenses for governmental activities were \$81.8 million, including expenses recorded or payments made or due to the autonomous agencies, and were funded in part by \$56.0 million in program revenues and \$31.9 million in taxes and other general revenues. Both expenses and program revenues were down from fiscal year 2003 by \$7.4 million (or 8.3%) and \$12.4 million (or 18%), respectively. This decrease was primarily due to the decline in Compact funding (\$5.2 million) and related expenditures. Compact revenues decreased from \$32.7 million in fiscal year 2003 to \$27.5 million in fiscal year 2004 (down 15.8%). In fiscal year 2004, there was also a notable 60.5% decline (\$6.4 million) in Nuclear claims related program revenue to \$4.2 million from the fiscal year 2003 total of \$10.6 million. Correspondingly, Nuclear claims related expenditures of \$4.6 million in fiscal year 2004 were down 53.8% (\$5.3 million) from the fiscal year 2003 total of \$9.9 million.
- For the fiscal year ended September 30, 2004, the General Fund reported revenues of \$31.6 million, \$0.7 million in excess of charges to general fund appropriations (including transfers out) of \$30.9 million, but were down \$5.3 million (or 14.4%) from fiscal year 2003 primarily because of the elimination of non-discretionary Compact Section 211 funds that were considered general fund revenues in the prior year. Charges to appropriations, including transfers out, of \$30.4 million were marginally higher than budgeted amounts of \$30.4 million. However, revenues collected of \$31.6 million were higher than budgeted amounts of \$30.8 million, resulting in a net budgetary surplus for fiscal year 2004 of \$0.7 million. RepMar was able to maintain its budgetary stability by maintaining expenditures within the limits of available resources. No new budget initiatives were taken during fiscal year 2004.
- At September 30, 2004, the General Fund reported a total fund balance deficit of \$1.0 million, which is a decrease of \$0.7 million (or 42.6%) from the prior year deficit of \$1.7 million. This positive change in the deficit is primarily attributable to a reduction in the deficit of the unreserved general fund balance of \$0.9 million (or 24.6%).

#### **OVERVIEW OF THE FINANCIAL STATEMENTS**

This discussion and analysis is intended to serve as an introduction to RepMar's basic financial statements. RepMar's basic financial statements comprise three components: 1) governmental-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains additional required supplementary information in the form of budgetary schedules, which are prepared on the budgetary basis of accounting, and other optional supplementary information, in addition to the basic financial statements themselves, which includes combining statements for governmental funds and component units.

Management's Discussion and Analysis Year Ended September 30, 2004

#### **Government-wide Financial Statements**

The government-wide statements report information about RepMar as a whole using accounting methods similar to those used by private-sector companies. The statement of net assets includes all of the government's assets and liabilities. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two government-wide statements report RepMar's net assets and how they have changed. Net assets - the difference between RepMar's assets and liabilities - is one way to measure RepMar's financial health or position.

- Over time, increases or decreases in RepMar's net assets are an indicator of whether its financial health is improving or deteriorating, respectively.
- To assess the overall health of RepMar you need to consider additional non-financial factors such as changes in RepMar's tax base, the condition of RepMar's roads and infrastructure, and the quality of services.

The government-wide financial statements of RepMar are divided into two categories:

- Primary government this grouping comprises governmental activities, which includes most of RepMar's basic services such as education, health, special appropriations, finance, judiciary, and general administration. Compact and other federal grants finance most activities of the primary government.
- Discretely presented component units RepMar includes numerous other entities in its report. Although legally separate, these "component units" are important because RepMar is financially accountable for them.

#### **Fund Financial Statements**

The fund financial statements provide more detailed information about RepMar's most significant funds - not RepMar as a whole. Funds are accounting devices that RepMar uses to keep track of specific sources of funding and spending for particular purposes.

- Some funds are required by Nitijela legislation.
- RepMar establishes other funds to control and manage money for particular purposes (like Republic of China Projects Fund) or to show that it is properly using certain grants (like federal grants reported in the U.S. Federal Grants Fund).

#### RepMar has two kinds of funds:

• Governmental funds - Most of RepMar's basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of RepMar's general government operations and the basic services it provides. Governmental fund information helps determine whether there are more or fewer financial resources that can be spent in the near future to finance RepMar's programs.

Management's Discussion and Analysis Year Ended September 30, 2004

#### Fund Financial Statements, Continued

• Fiduciary funds - RepMar is the trustee, or fiduciary, for other assets that because of trust arrangement, can be used only for the trust beneficiaries. RepMar is responsible for ensuring that the assets reported in these funds are used for their intended purposes. All of RepMar's fiduciary activities are reported in a separate statement of fiduciary net assets and a statement of change in fiduciary net assets. We exclude these activities from RepMar's government-wide financial statements because RepMar cannot use these assets to finance its operations.

#### A FINANCIAL ANALYSIS OF REPMAR AS A WHOLE

Net assets may serve over time as a useful indicator of a government's financial position. At the end of fiscal year 2004, RepMar's assets exceeded liabilities by \$9.9 million. However, all these net assets are either restricted as to the purpose they can be used for or are invested in capital assets. RepMar uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although RepMar's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate the liabilities. The summary of Net Assets (condensed) presented below, with comparable balances for fiscal year 2003, discloses this relationship:

#### RepMar's Net Assets As of September 30

	<u>2004</u>	2003	
Current and other assets Capital assets	\$ 63,940,161 28,527,697	\$ 55,576,536 27,778,805	
<b>Total Assets</b>	 92,467,858	83,355,341	_
Long-term liabilities Other liabilities	64,653,780 17,863,552	62,790,368 16,725,814	
<b>Total Liabilities</b>	 82,517,332	79,516,182	) <u>:</u>
Net assets: Invested in capital assets,			
net of related debt	3,688,484	3,056,308	
Restricted net assets	51,241,153	40,548,242	
Unrestricted net assets	 (44,979,111)	(39,765,391	_)
Total net assets	\$ 9,950,526	\$ 3,839,159	1

At the end of fiscal year 2004, RepMar's unrestricted net assets showed a deficit of \$45.0 million, an increase of \$5.2 million (or 13.1%) from the prior year. This deficit is the result of having long-term commitments that are greater than currently available resources. Specifically, RepMar did not include in past annual budgets the full amounts needed to finance future liabilities arising from Asian Development Bank (ADB) and other loans as well as to pay for unused employee leave balances. RepMar will include these amounts in future years' budgets as they become due. The bulk of RepMar's assets lie in its Intergenerational Trust Fund, investments (non-capital assets) and long-term liabilities.

Management's Discussion and Analysis Year Ended September 30, 2004

## **Changes in Net Assets**

For the year ended September 30, 2004, net assets of the primary government increased by \$6.1 million, an increase of 159% from the prior year's \$3.8 million. This result indicates that RepMar's financial condition, as a whole, improved from the prior year. For the year ended September 30, 2004, net assets of the primary government changed as follows, with comparable amounts for fiscal year 2003:

### RepMar's Changes in Net Assets For the Years Ended September 30

Management's Discussion and Analysis Year Ended September 30, 2004

RepMar's revenues from governmental activities, including local revenues, Compact and other grant funding, totaled \$87.9 million in fiscal year 2004. The cost of governmental activities totaled \$81.8 million; the surplus representing an increase in net assets of \$6.1 million.

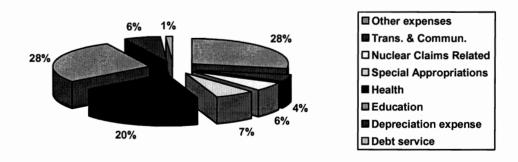

Graphs 1 and 2 below show the major components of revenues and cost of governmental activities.

Graph 1
RepMar's Revenue Sources
For the Year Ended September 30, 2004

As in prior years, Compact funding and federal and other grants are the major sources of revenue for RepMar, which comprise 57% of the total revenues for fiscal year 2004. The remaining 43% is predominantly comprised of local sourced tax revenues, including income taxes and gross revenue taxes.

Graph 2
RepMar's Cost of Governmental Activities
For the Year Ended September 30, 2004

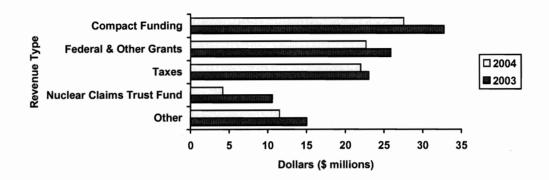

Other expenses that make up a portion of the costs of governmental activities are comprised of ministerial expenses within the Ministry of Internal Affairs (\$3.2 million), the Ministry of Justice (\$3.1 million), the Ministry of Finance (\$3.0 million), the Ministry of Foreign Affairs and Trade (\$2.9 million), and the Ministry of Public Works (\$1.9 million).

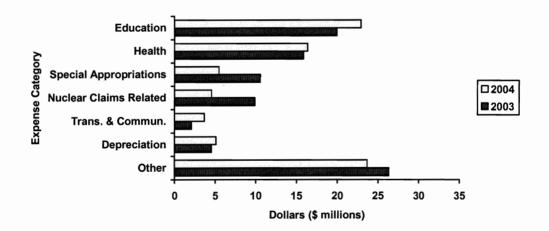

Management's Discussion and Analysis Year Ended September 30, 2004

Graphs 3 and 4 below show a comparison of the major components of revenues and cost of governmental activities for fiscal years 2003 and 2004.

Graph 3
RepMar's Revenue Sources
For the Years Ended September 30

Graph 4
RepMar's Cost of Governmental Activities
For the Years Ended September 30

Special appropriation expenses in fiscal year 2004 consisted mainly of subsidies to component units of \$2.2 million, down from \$6.0 million (or 63.5%) in fiscal year 2003, government utility billings of \$0.9 million, down from \$1.6 million (or 44.1%) in fiscal year 2003, and land leases/leased housing of \$1.0 million, down from \$1.4 million (or 24.8%) in fiscal year 2003.

Other expenses in fiscal year 2004 consisted of expenses within the Ministry of Internal Affairs of \$3.2 million, up from \$2.7 million (or 18%) in fiscal year 2003, the Ministry of Justice of \$3.1 million, up from \$2.6 million (or 16.1%) in fiscal year 2003, the Ministry of Finance of \$3.0 million, down from \$3.2 million (or 6.9%) in fiscal year 2003, and the Ministry of Foreign Affairs of \$2.9 million, down from \$3.3 million (or 11.8%) in fiscal year 2003.

Management's Discussion and Analysis Year Ended September 30, 2004

#### FINANCIAL ANALYSIS OF REPMAR'S FUNDS

As noted earlier, RepMar uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. As of the end of fiscal year 2004, RepMar's governmental funds reported a combined fund balance of \$48.8 million, which represents an increase of \$7.8 million (or 19.0%) in comparison with fiscal year 2003. This increase in primarily attributable to the increase in fund balance of the Intergenerational Trust Fund of \$7.5 million. Of this total combined fund balance, \$52.2 million is reserved to indicate that it is not available for new spending because it has already been committed: 1) to generate income for future operations (\$40.4 million); 2) to liquidate contracts and purchase orders of the prior period (\$2.4 million); 3) to fund specific Compact-related activities (\$4.9 million); or 4) for a variety of other restricted purposes. The combined deficit of RepMar's governmental funds is \$3.4 million, a decrease of \$0.6 million (or 14.7%) from fiscal year 2003. This deficit will be funded through future budgetary surpluses.

#### **General Fund Budgetary Highlights**

During the course of the fiscal year, management and elected officials of RepMar revised the General Fund budget. The revised budget included a decrease in overall revenue projections of \$0.4 million with a corresponding decrease in budgetary appropriations. The primary reason for the downward revision in revenue projections was due to revised cash collections.

#### CAPITAL ASSET AND DEBT ADMINISTRATION

#### **Capital Assets**

RepMar's investment in capital assets for its governmental activities as of September 30, 2004 amounted to \$86.1 million, net of accumulated depreciation of \$57.6 million, leaving a net book value of \$28.5 million. RepMar's capital assets include electrical and water infrastructure, roads and bridges, vehicles and other machinery and equipment, ships, buildings, and various projects under construction. (See table below). This represents a net increase of \$0.7 million (or 2.7%) from fiscal year 2003.

RepMar's Capital Assets September 30, 2004 (net of depreciation)

		2004	2003
Electrical distribution	\$.	4,082,500 \$	5,443,333
Office equipment		1,435,636	2,063,075
Buildings		6,302,188	6,678,581
Water infrastructure system		1,366,572	1,822,096
Roads and bridges		1,646,099	1,919,475
Ships		4,295,951	3,449,225
Other equipment		3,001,520	1,823,853
Heavy equipment		1,333,864	1,565,154
Motor vehicles		1,110,575	815,398
Construction in progress		3,952,792	2,198,615
	\$	28,527,697 \$	27,778,805

Management's Discussion and Analysis Year Ended September 30, 2004

#### Capital Assets, Continued

Major capital asset additions for fiscal year 2004 were as follows:

- Acquisition of ships by the Ministry of Transportation and Communications in the amount of \$1.0 million.
- Acquisition of motor vehicles and equipment by various RepMar ministries and departments in the amount of \$3.0 million.
- Ongoing construction in progress of educational facilities in the amount of \$1.8 million.

Additional information on RepMar's capital assets can be found in note 5 to the financial statements.

#### **Long-term Debt**

The Government Borrowing Act of 1985 authorizes RepMar to borrow for such purposes as approved by the Nitijela. Since 1991 RepMar has entered into twelve separate loans with the Asian Development Bank (See table below). Long-term debt obligations increased by \$2.1 million (or 3.3%) in fiscal year 2004, net of loan repayments of \$0.2 million.

#### RepMar's Outstanding Debt Asian Development Bank September 30, 2004

		2004	2003
Fisheries Development Project	\$	3,305,645	\$ 3,378,474

	<u>\$</u>	62,628,879	\$ 60,543,484

Additional information on RepMar's long-term debt can be found in note 6 to the financial statements.

Management's Discussion and Analysis Year Ended September 30, 2004

#### ECONOMIC FACTORS AND NEXT YEAR BUDGETS AND RATES

The overall state of the Marshall Island's economy continues to play a large role in developing the tax and other revenue budgets for the General Fund of RepMar. A new financial agreement with the United States Government under the Compact of Free Association was effected in fiscal year 2004 with increased allocations to capital-related expenditures. However, economic activity in fiscal year 2004 showed no growth, there was a dearth of new construction activity, and historically high fuel costs had negative repercussions for both businesses and consumers. For fiscal year 2005, the Nitijela appropriated an expenditure budget, including transfers to autonomous agencies, that was \$3.5 million (or 11.3%) higher than the \$30.8 million for fiscal year 2004. The budget was increased primarily to meet the supplemental funding needs of the College of the Marshall Islands (CMI) and additional revenues were identified through the passage of new legislation by the Nitijela in Public Law 2004-5 (Import Duties (CMI Funding Amendment) Act, 2004), thereby increasing certain "sin taxes" on tobacco and alcohol products. Construction activity under the Compact public infrastructure grants only started at the beginning of fiscal year 2005 and revenues flowing from this source should partially increase revenues over fiscal year 2004. Collection results by mid-term fiscal 2005, however, indicate that revenue targets were not being met by these new funding sources. These revenue shortfalls are being closely monitored by officials within RepMar's Ministry of Finance and may prompt proportionate spending reductions before the end of fiscal year 2005 as well as proposed fiscal year 2006 budget ceilings.

#### CONTACTING REPMAR'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers and investors and creditors a general overview of RepMar's finances and to demonstrate its accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Secretary of Finance, P.O. Box D, Majuro, MH 96960.

Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds to the Statement of Activities

Year Ended September 30, 2004

Amounts reported for governmental activities in the statement of activities on page 13 are different because:

Net change in fund balances - total governmental funds from page 15	\$ 7,803,550
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period, including increases to construction in progress	748,892
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds	94,836
The issuance of long-term debt (e.g. bonds, leases) provides current financial resources to governmental funds, while the repayment of principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction has any effect on net assets. This amount is the net effect of these differences in the treatment of long - term debt and related items	(2,085,395)
Some expenses reported in the statement of activities do not require the use of current financial resources and therefore, are not reported as expenditures in governmental funds. These expenses include accrued annual leave and interest payable that are reported in the statement of activities, but not in funds	<u>(450,516</u> )
Change in net assets of governmental activities as presented on page 13.	\$ <u>6,111,367</u>

Notes to Financial Statements September 30, 2004

#### (1) Summary of Significant Accounting Policies

The accompanying financial statements of the Republic of the Marshall Islands (RepMar) have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP). The Governmental Accounting Standards Board (GASB) is the recognized standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of RepMar's accounting policies are described below.

#### A. Reporting Entity

The Government of RepMar is a constitutional government comprised of three branches: the Legislative Branch (the Nitijela), consisting of 33 members elected for a term of four years; the Executive Branch, consisting of the Cabinet; and the Judiciary Branch made up of the High Court, the Supreme Court, and the Traditional Rights Court that advises the High Court on matters concerning customary law and traditional practice. The Nitijela elects one of its members at its first session following an election to serve as President. The President, in turn, appoints six to ten members of the Nitijela to serve as Ministers who collectively comprise the Cabinet.

For financial reporting purposes, RepMar has included all funds, organizations, agencies, boards, commissions and institutions. RepMar has also considered all potential component units for which it is financially accountable as well as other entities for which the nature and significance of their relationship with RepMar are such that exclusion would cause RepMar's financial statements to be misleading or incomplete. The criteria to be considered in determining financial accountability include whether RepMar, as the primary government, has appointed a voting majority of an organization's governing body and either has the ability to impose its will on that organization or there is potential for the organization to provide specific financial benefits to or impose specific financial burdens on RepMar. Financial accountability also exists if an organization is determined to be fiscally dependent on the primary government, although the primary government does not appoint a voting majority of the organization's governing board.

Each blended and discretely presented component unit of RepMar has a September 30 year-end except for the Ministry of Education Head Start Program and Majuro Resort, Inc., which have a November 30 and December 31 year-end, respectively.

Once financial accountability has been determined for a potential component unit, that component unit is either blended into the primary government or discretely presented from the primary government. Potential component units that do not meet the financial accountability criteria, but where a voting majority of the governing board is appointed by RepMar, are deemed to be related organizations. The nature and relationship of RepMar's component units and related organizations are disclosed in the following section.

Blended component units are entities that are legally separate from RepMar, but are so related to RepMar that they are, in substance, the same as RepMar or entities providing services entirely or almost entirely to RepMar. The net assets and results of operations of the following legally separate entities are presented as part of RepMar's operations:

Notes to Financial Statements September 30, 2004

#### (1) Summary of Significant Accounting Policies, Continued

#### A. Reporting Entity, Continued

#### i. Blended Component Units

The following Component Units are blended within the Primary Government:

Four Atoll Medical Fund, a Governmental Fund Type - Special Revenue Fund. This fund accounts for transactions from the distribution of annual proceeds from the Nuclear Claims Trust Fund.

Marshall Islands Scholarship Grant and Loan Board, a Governmental Fund Type - Special Revenue Fund. This fund was established under Public Law No. 1979-19 to account for all disbursements of scholarship funds and is governed by a seven-member Board appointed by the Cabinet of RepMar.

Health Care Revenue Fund, a Governmental Fund Type - Special Revenue Fund. This fund was established under Public Law No. 1989-59 within the Ministry of Health and Environment to control the expenditure of funds for health care related services.

Ministry of Health Health Fund, a Governmental Fund Type - Special Revenue Fund. This fund was established under Public Law No. 1990-75, as amended by Public Law Nos. 2001-31 and 2001-35, to account for the operations of the Basic and Supplemental Health Funds delivering comprehensive medical care.

Ministry of Education Head Start Program, a Governmental Fund Type - Special Revenue Fund. This fund was established to account for federal awards received in a direct capacity from the U.S. Department of Health and Human Services Head Start program.

Nuclear Claims Tribunal, a Governmental Fund Type - Special Revenue Fund. This fund was established to render final determination upon claims arising as a result of the Nuclear Testing Program, and disputes arising from distributions made under the (Compact of Free Association) Section 177 Agreement.

Marshall Islands Social Security Administration, a Fiduciary Fund Type - Private Purpose Trust Fund. This fund was established to provide a financially sound social security system with pension benefits and early retirement.

#### ii. Discretely Presented Component Units

Discretely presented component units are entities which are legally separate from RepMar, but are financially accountable to RepMar, or whose relationships with RepMar are such that exclusion would cause RepMar's basic financial statements to be misleading or incomplete. The component units' column of the basic financial statements includes the financial data of the following major component units:

#### Notes to Financial Statements September 30, 2004

#### (1) Summary of Significant Accounting Policies, Continued

#### A. Reporting Entity, Continued

#### ii. Discretely Presented Component Units, Continued

Kwajalein Atoll Joint Utilities Resources, Inc. (KAJUR): KAJUR was incorporated under the laws of the Republic of the Marshall Islands on September 1, 1990, to generate and distribute utilities on the island of Ebeye.

Marshalls Energy Company, Inc. (MEC): MEC was granted a corporate charter by the Cabinet of RepMar on February 2, 1984 to engage in the business of generating and transmitting electricity, and the import and marketing of petroleum products. MEC is governed by a seven-member Board of Directors appointed by the Cabinet of RepMar.

Marshall Islands Development Bank (MIDB): MIDB was established under Public Law No. 1988-1 to promote the development and expansion of the economy of the Marshall Islands and is governed by a seven-member Board of Directors appointed by the Cabinet. MIDB has received funds under Sections 111 and 211 of the Compact of Free Association and funds from the U.S. Department of Agriculture under the Rural Housing and Community Development Service Housing Preservation Grant.

Marshall Islands National Telecommunications Authority (MINTA): MINTA was incorporated under Public Law No. 1990-105 to engage in the business of providing local and international telecommunication services. MINTA is governed by a seven-member Board of Directors elected by a majority vote of its shareholders.

RMI Ports Authority (RMIPA): RMIPA was incorporated under Public Law No. 2003-81 to engage in the operation and maintenance of commercial port facilities in the Marshall Islands. RMIPA is governed by a seven-member Board of Directors appointed by the President upon the approval of the Cabinet of RepMar.

In addition, the component units' column of the basic financial statements includes the financial data of the following nonmajor component units: Air Marshall Islands, Inc., College of the Marshall Islands, Majuro Resort, Inc., Majuro Water and Sewer Company, Inc., Marshall Islands Marine Resources Authority, Marshall Islands Visitors Authority, Meram, Inc., the RMI Environmental Protection Authority, and Tobolar Copra Processing Plant, Inc.

RepMar's component units, departments, and funds that are separately audited issue their own financial statements. These statements may be obtained by directly contacting the various entities or obtaining them directly from the Office of the Auditor-General:

P.O. Box 245 Majuro, Marshall Islands 96960

Notes to Financial Statements September 30, 2004

#### (1) Summary of Significant Accounting Policies, Continued

#### A. Reporting Entity, Continued

#### iii. Related Organizations

RepMar is responsible for appointing voting members to the governing boards of the following legally separate organizations, but RepMar's financial accountability for these organizations does not extend beyond making the appointments. Therefore, the financial data of these entities are excluded from RepMar's financial statements. Those organizations are Alele Museum, Inc. and the Republic of the Marshall Islands Private Industry Council, Inc.

#### iv. Omitted Governmental Funds

The following funds are considered to be nonmajor governmental funds of RepMar but are not included in the accompanying basic financial statements due to absence of account balances and financial activities. Accordingly, the omission of these funds is not considered material to either the nonmajor governmental funds or the governmental activities reporting units:

Rehabilitation Revolving Fund: This fund was established under Public Law No. 1984-8 to account for all monies received for the rehabilitation of patients at the Majuro Hospital Rehabilitation Center.

Outer Islands Copra Boat Building Fund: This fund was established under Public Law No. 1992-34 to account for all monies received for the construction and maintenance of outer island copra boats.

Government Maintenance Fund: This fund was established under Public Law No. 1988-34 to account for all monies received from renting and maintenance services performed by the Ministry of Public Works Central Government Maintenance Agency.

Seaport Trust Fund: This fund was established under Public Law No. 1983-11 to account for all monies received for the development and improvement of seaport facilities and navigational aids.

Communication Regulation Fund: This fund was established under Public Law No. 1993-42 to account for all monies received for the specific purpose of regulating radio communication activities in the Marshall Islands.

Historic Preservation Fund: This fund was established under Public Law No. 1991-111 to account for all monies received by the Historic Preservation Office.

Council of Churches Fund: This fund was established under Public Law No. 1991-124 to account for all monies received for the specific purpose of providing educational, spiritual, health and recreational needs of the children of the Marshall Islands.

Marshallese Language Trust Fund: This fund was established under Public Law No. 1983-34 to account for all monies received for the specific purpose of encouraging the preservation, development and use of the Marshallese language.

Notes to Financial Statements September 30, 2004

#### (1) Summary of Significant Accounting Policies, Continued

#### B. Government-Wide Financial Statements

The Statement of Net Assets and the Statement of Activities report financial information on all of the non-fiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been eliminated from these statements except for other charges between the primary government and the discretely presented component units. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Primary government activities are defined as either governmental or business-type activities. Governmental activities, which normally are supported by taxes, intergovernmental revenues and other non-exchange revenues, are reported separately from business-type activities, which rely to a significant extent on fees charged to external parties for goods or services. As such, business-type activities account for operations similarly to a for-profit business. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable. Discretely presented component unit activities are presented with their business-type focus.

The Statement of Net Assets presents all of the reporting entity's non-fiduciary assets and liabilities, with the difference reported as net assets. Net assets are reported in three categories:

- Invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation and reduced by outstanding balances for bonds, notes and other debt that are attributed to the acquisition, construction or improvement of those assets.
- Restricted net assets result when constraints placed on net asset use are either externally imposed by creditors, grantors, contributors, and the like, or imposed by law.
- Unrestricted net assets consist of net assets, which do not meet the definition of the two preceding categories. Unrestricted net assets often are designated, (for example, internally restricted), to indicate that management does not consider them to be available for general operations.

The government-wide Statement of Net Assets reports \$51,241,153 of restricted net assets, of which \$4,810,182 is restricted by enabling legislation.

The Statement of Activities demonstrates the degree to which the direct expenses of given functions or segments are offset by program revenues. Direct expenses are those that are clearly identifiable within a specific function or segment. Program revenues include charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not meeting the definition of program revenues are, instead, reported as general revenue.

Notes to Financial Statements September 30, 2004

#### (1) Summary of Significant Accounting Policies, Continued

#### C. Fund Financial Statements

The fund financial statements present a balance sheet and a statement of revenues, expenditures, and changes in fund balances for its major and aggregated non-major funds.

Separate financial statements are provided for governmental funds and fiduciary funds even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements pursuant to GASB reporting standards, with nonmajor governmental funds being combined into a single column.

RepMar reports its financial position and results of operations in funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures/expenses. Transactions between funds within a fund type, if any, have not been eliminated.

#### D. Measurement Focus and Basis of Accounting

The government-wide financial statements are reported using the economic resources management focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements account for the general governmental activities of RepMar and are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as they become susceptible to accrual; generally when they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, RepMar considers revenues to be available if they are collected within 90 days of the end of the current fiscal period.

Significant revenues susceptible to accrual include income and gross revenue taxes, federal grants, federal reimbursements and other reimbursements for use of materials and services. Miscellaneous revenues from other financing sources are recognized when received in cash because they are generally not measurable until actually received. Investment earnings are recorded as earned, since they are both measurable and available. Investments and related investment earnings are recorded at fair value. Fair value is the amount at which a financial instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. Expenditures generally are recorded in the period in which the related fund liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

#### Notes to Financial Statements September 30, 2004

#### (1) Summary of Significant Accounting Policies, Continued

#### D. Measurement Focus and Basis of Accounting, Continued

Amounts reported as program revenue include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions. Internally dedicated resources are reported as general revenues rather than as program revenues. General revenue is derived from taxation, investment income and other fees that are not allocated to specific programs.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. All other revenues are reported as nonoperating. Operating expenses includes the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

RepMar reports the following fund types:

#### 1. Governmental Fund Types

#### i. General Fund

This fund is the primary operating fund of RepMar. It is used to account for all governmental transactions, except those required to be accounted for in another fund.

#### ii. Special Revenue Funds

These funds account for specific revenue sources that have been aggregated according to enabling legislation to support specific governmental activities.

#### iii. Capital Projects Funds

These funds account for the acquisition or construction of major RepMar capital facilities financed primarily from loans and federal reimbursements.

#### iv. Permanent Funds

This fund accounts for resources that are legally restricted to the extent that only earnings, and not principal, may be used to support programs for the benefit of the government.

#### 2. Fiduciary Fund Types

#### i. Private Purpose Funds

These funds are used to account for resources held in trust under which principal and income benefit certain individuals.

Notes to Financial Statements September 30, 2004

#### (1) Summary of Significant Accounting Policies, Continued

#### D. Measurement Focus and Basis of Accounting, Continued

#### 2. Fiduciary Fund Types, Continued

#### i. Private Purpose Funds, Continued

These include funds held in trust by the Marshall Islands Social Security Administration (MISSA) for the beneficiaries of the MISSA Retirement Fund; funds received under the Interim Use Agreement for the benefit of Kwajalein landowners; and funds received under Section 177 of the Compact of Free Association for the benefit of victims related to the United States Nuclear Testing Program.

#### ii. Agency Funds

This fund is used to report resources held by the primary government relating to unclaimed property in a purely custodial capacity.

GASB Statement No. 34, Basic Financial Statements - and Management's Discussion and Analysis - For State and Local Governments, as amended by GASB Statement No. 37, Basic Financial Statements - and Management's Discussion and Analysis - Omnibus, sets forth minimum criteria (percentage of the assets, liabilities, revenues or expenditures/expenses for either fund category or the governmental and enterprise combined) for the determination of major funds. RepMar elected to add certain other major funds that had specific public interest. Major individual governmental funds are reported as separate columns in the fund financial statements. The nonmajor funds are combined in a column in the fund financial statements and detailed in the combining statements. RepMar reports the following major funds:

U.S. Federal Grants Fund, a Governmental Fund Type - Special Revenue Fund. This fund accounts for all financial transactions formally related to the Trust Territory of the Pacific Islands (TTPI) United States federally assisted funds, which are subgranted to RepMar, as well as other direct federal grants that RepMar received from the United States government once RepMar's subgrantee status with the TTPI ceased.

Section 211(a)(1) Education Sector Grant Fund, a Governmental Fund Type - Special Revenue Fund. This fund accounts for United States Congress appropriations under United States Public Law 99-239, as amended, Title II, Article I, Section 211(a)(1) and approved by Nitijela resolution 123 to support and improve the educational system of the Republic of the Marshall Islands.

Section 211(a)(2) Health Sector Grant Fund, a Governmental Fund Type - Special Revenue Fund. This fund accounts for United States Congress appropriations under United States Public Law 99-239, as amended, Title II, Article I, Section 211(a)(2) and approved by Nitijela resolution 123 to support and improve the delivery of preventive, curative, and environmental care.

Notes to Financial Statements September 30, 2004

#### (1) Summary of Significant Accounting Policies, Continued

#### D. Measurement Focus and Basis of Accounting, Continued

Section 211(d) Public Infrastructure Sector Grant Fund, a Governmental Fund Type – Capital Projects Fund. This fund accounts for United States Congress appropriations under United States Public Law 99-239, as amended, Title II, Article I, Section 211(d) and approved by Nitijela resolution 123. The aforementioned section requires no less than 30% and no more than 50% of the total amounts appropriated by the United States Congress under Section 211 to be made available in accordance with a list of specific projects included in the infrastructure improvement and maintenance plan prepared by RepMar.

Intergenerational Trust Fund, a Governmental Fund Type - Permanent Fund. This fund was established under Public Law No. 1999-90 to provide for an additional source of revenue for the government budget that will be needed to substitute for the absence of Compact of Free Association funding. Earnings from funds invested would not be available for distribution until October 2023.

#### E. Reporting Standards

As allowed by GASB Statement No. 20, Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities that Use Proprietary Fund Accounting, RepMar's proprietary funds follow all GASB pronouncements and those Financial Accounting Standards Board Statements and Interpretations, Accounting Principles Board Opinions, and Accounting Research Bulletins that were issued on or before November 30, 1989, except those that conflict with a GASB pronouncement.

#### F. Cash and Cash Equivalents and Time Certificates of Deposit

RepMar pools cash resources of its various funds in order to facilitate the management of cash. Unless otherwise required by law, interest income received on pooled cash accrues to the General Fund. Cash and cash equivalents applicable to a particular fund are readily identifiable. Cash and cash equivalents include cash held in demand accounts as well as short-term investments with a maturity date within three months of the date acquired by RepMar. Deposits maintained in time certificates of deposit with original maturity dates greater than ninety days are separately classified on the statement of net assets/balance sheet.

As of September 30, 2004, the carrying amount of the primary government's total cash and cash equivalents and time certificates of deposit were \$24,505,821 and the corresponding bank balances were \$25,121,138. Of the bank balance amounts, \$6,979,608 is maintained in financial institutions subject to Federal Deposit Insurance Corporation (FDIC) insurance. As of September 30, 2004, bank deposits in the amount of \$503,127 were FDIC insured. RepMar does not require collateralization of its cash deposits; therefore, deposit levels in excess of FDIC insurance coverage are uncollateralized.

As of September 30, 2004, the carrying amount of the discretely presented component units' total cash and cash equivalents and time certificates of deposit were \$8,350,461 and the corresponding bank balances were \$10,087,657. Of the bank balance amounts, \$4,699,512 is maintained in financial institutions subject to FDIC insurance. As of September 30, 2004, bank deposits in the amount of \$969,741 were FDIC insured. The component units do not require collateralization of their cash deposits; therefore, deposit levels in excess of FDIC insurance coverage are uncollateralized.

#### Notes to Financial Statements September 30, 2004

#### (1) Summary of Significant Accounting Policies, Continued

#### G. Receivables

In general, tax revenue is recognized on the government-wide statements, when assessed or levied and on the governmental fund financial statements to the extent that it is both measurable and available. Receivables are stated net of estimated allowances for uncollectible accounts. Reimbursements due to RepMar for expenditures on federally funded reimbursement and grant programs are reported as "receivables from federal agencies".

#### H. Inventories and Prepaid Items

Inventories of the discretely presented component units are valued at the lower of cost (FIFO) or market.

Certain payments made to vendors or persons for services reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

#### I. Interfund Receivables/Payables

During the course of its operations, RepMar records transactions between individual funds for goods provided or services rendered. Receivables and payables resulting from transactions between funds are classified as "due from other funds" or "due to other funds" on the governmental fund balance sheet.

These balances result from the time lag between the dates that 1) interfund goods and services are provided or reimbursable expenditures occur, 2) transactions are recorded in the accounting system, and 3) payments between funds are made, and are scheduled to be collected in the subsequent year.

#### J. Restricted Assets

Certain assets of the primary government are classified as restricted assets because their use is completely restricted through loan agreements or enabling legislation. Specifically, RepMar has collateralized a loan payable for a third party and a credit card facility with time certificates of deposit of \$1,435,448 and \$55,000, respectively. Furthermore, time certificates of deposit and investments of \$8,113,904 and \$32,212,426, respectively, recorded in the Intergenerational Trust Fund are restricted in that they are not available to be used in current operations. Subsequent to September 30, 2004, the loan payable for the third party was foreclosed by the bank resulting in the collateralized deposit being forfeited.

#### K. Capital Assets

Capital assets, which include property, plant, equipment and infrastructure assets (e.g. roads, bridges, docks, water and sewer lines, water catchments, and other similar items), are reported in the governmental activity column of the government-wide financial statements. Such assets, whether purchased or constructed, are recorded at historical cost or estimated historical cost. Donated capital assets are recorded at estimated fair market value at the date of donation.

Notes to Financial Statements September 30, 2004

#### (1) Summary of Significant Accounting Policies, Continued

#### K. Capital Assets, Continued

RepMar currently holds no title to land. Machinery and equipment, other than vehicles and boats, are capitalized when the cost of individual items exceed \$50,000. As an exception, vehicles and boats, along with significant repair and maintenance qualifying as a betterment of such, are capitalized regardless of cost and depreciated. Buildings and infrastructure projects, along with significant improvements or reconstruction qualifying as a betterment of such, are capitalized when the cost of individual items or projects exceed \$100,000. The costs of normal maintenance and repairs that do not add to the value of the capital asset or materially extend capital asset lives are not capitalized.

Capital assets of the primary government and the component units are depreciated using the straight-line method over their estimated useful lives, with a full year's depreciation charged in the year of acquisition and disposal, regardless of date. Estimated useful lives are as follows:

Buildings	40 - 50 years
Infrastructure	25 - 50 years
Facilities	3 - 40 years
Machinery and equipment	3 - 25 years
Furniture and fixtures	3 - 10 years

#### L. Interfund/Intrafund Transactions

As a general rule, the effect of interfund activity has been eliminated in the government-wide statements. Exceptions to this rule are: 1) activities between funds reported as governmental activities and funds reported as business-type activities and 2) activities between funds that are reported in different functional categories in either the governmental or business-type activities column. Elimination of these activities would distort the direct costs and program revenues for the functions concerned.

#### M. Deferred Revenue

In the government-wide financial statements, deferred revenue is recognized when cash, receivables or other assets are recorded prior to their being earned. In the governmental fund financial statements deferred revenue represents monies received or revenues accrued which have not been earned or do not meet the "available" criterion for revenue recognition under the modified accrual basis of accounting. The deferred revenue in the governmental fund types has primarily resulted as federal funds are received in advance of eligible expenditures.

#### N. <u>Compensated Absences</u>

It is the government's policy to permit employees to accumulate earned but unused vacation and sick pay benefits. There is no liability for unpaid accumulated sick leave since the government does not have a policy to pay any amounts when employees separate from service with the government. All vacation pay is accrued when incurred in the government-wide and fiduciary fund financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements. Annual leave accumulates at the rate of one working day per bi-weekly pay period.

#### Notes to Financial Statements September 30, 2004

#### (1) Summary of Significant Accounting Policies, Continued

#### O. Fund Equity

In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change.

The unreserved fund balances for the governmental funds represent the amount available for budgeting future operations. The reserve for related assets as of September 30, 2004, is represented by the following assets:

		<u>General</u>	Inter- generational <u>Trust</u>	Other Governmental <u>Funds</u>		<u>Totals</u>
Cash and cash equivalents Investments Receivables:	\$	16,895 -	\$ - -	\$ 375,000 318,630	\$	391,895 318,630
Federal agencies Other Due from other funds		-	117,263	700,000 - 890,024		700,000 117,263 890,024
Restricted assets: Time certificates of deposit Investments	_	1,490,448	8,113,904 32,212,426		_	9,604,352 32,212,426
	\$	1,507,343	\$ 40,443,593	\$ 2,283,654	\$	44,234,590

#### P. Risk Financing

RepMar is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. It is the policy of the primary government not to purchase commercial insurance for the risks of loss to which it is exposed. Instead, RepMar management believes it is more economical to manage its risks internally. In the event of claim settlements and judgments, RepMar reports all of its risk management activities in its General Fund. Claims expenditures and liabilities are reported when it is probable that a loss has occurred and the amount of that loss can be reasonably estimated. These losses include an estimate of claims that have been incurred but not reported.

#### O. Reclassifications

Due to the provisions of GASB Statement No. 34, major governmental funds presented in a previous year may not be major funds presented in the current year.

#### Notes to Financial Statements September 30, 2004

Fund balance/net assets, as restated September 30, 2003	\$ <u>40,980,410</u>	\$ <u>3,839,159</u>

#### S. New Accounting Standards

During fiscal year 2004, RepMar implemented GASB Statement No. 39, Determining Whether Certain Organizations Are Component Units (an amendment of GASB Statement 14), GASB Statement No. 42, Accounting and Financial Reporting for Impairment of Capital Assets and for Insurance Recoveries, and GASB Statement No. 46, Net Assets Restricted by Enabling Legislation. GASB Statement No. 39 provides additional guidance on GASB Statement No.14, in determining whether an entity should be reported as a component unit based on the nature and significance of its relationship with a primary government. GASB Statement No. 42 establishes standards for impairment of capital assets when its service utility has declined significantly and unexpectedly. GASB Statement No. 46 establishes and modifies requirements of GASB Statement No. 34 related to restrictions of net assets resulting from enabling legislation.

#### Notes to Financial Statements September 30, 2004

#### (1) Summary of Significant Accounting Policies, Continued

#### S. New Accounting Standards, Continued

For fiscal year 2005, RepMar will be implementing GASB Statement No. 40, *Deposit and Investment Risk Disclosures* (an amendment of GASB Statement No. 3), which addresses common deposit and investment risks related to credit risk, concentration of credit risk, interest rate risk, and foreign currency risk. As an element of interest risk, GASB Statement No. 40 requires certain disclosures of investments that have fair values that are highly sensitive to changes in interest rates. Management does not believe that the implementation of this statement will have a material effect on the financial statements of RepMar.

In May 2004, GASB issued Statement No. 44, Economic Condition Reporting: The Statistical Section, an amendment to NCGA Statement 1. GASB Statement No. 44 improves the understandability and usefulness of statistical section information and adds information from the new financial reporting model for state and local governments required by GASB Statement No. 34. The provisions of this Statement are effective for periods beginning after June 15, 2005. Management does not believe that the implementation of this statement will have a material effect on the financial statements of RepMar.

In June 2004, GASB issued Statement No. 45, Accounting and Financial Reporting by Employers for Post employment Benefits Other Than Pensions. GASB Statement No. 45 establishes standards for the measurement, recognition, and display of other post employment benefits expense/expenditures and related liabilities, note disclosures, and, if applicable, required supplementary information in the financial reports of state and local governmental employers. The provisions of this Statement are effective for periods beginning after December 15, 2008. Management does not believe that the implementation of this statement will have a material effect on the financial statements of RepMar.

#### T. Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues, expenditures and expenses during the reporting period. Actual results could differ from those estimates.

#### (2) Investments

GASB Statement No. 3 requires government entities to categorize investments to give an indication of the level of credit risk assumed by the entity at year end. The three categories are described below:

- Category 1 Insured or registered, or securities held by RepMar or its agent in RepMar's name;
- Category 2 Uninsured and unregistered, with securities held by the broker's or dealer's trust department or agent in RepMar's name; or
- Category 3 Uninsured and unregistered, with securities held by the broker or dealer, or by its trust department or agent but not in RepMar's name.

#### Notes to Financial Statements September 30, 2004

#### (2) Investments, Continued

Investments of the primary government and the discretely presented component units as of September 30, 2004, are as follows:

Loans receivable of the primary government are recorded by the Marshall Islands Scholarship, Grant and Loan Board, the Marshall Islands Development Authority, and the ADB Development Projects Fund. The details of these loans are as follows:

#### Marshall Islands Scholarship, Grant and Loan Board

Loans to qualified Marshallese students under a student financial assistance program, interest free, uncollateralized with no set repayment terms, and may be converted to grants at a later date if the recipients meet certain criteria. These loans have been fully provided for in the allowance for uncollectibles.

\$11,476,869

#### Marshall Islands Development Authority

Notes receivable from four fishing companies incorporated and operating in the Republic of the Marshall Islands, due August 1992, interest at 6% per annum, interest and principal payable on demand. These notes have been fully provided for in the allowance for uncollectibles.

1,780,000

#### ADB Development Projects Fund

Loan to Ebje Ruktok/Rukjenlein Fishing Company, Inc., interest at 8.5% per annum, with repayments commencing March 1995. The loan is a subsidiary loan of a loan agreement (Loan Number 1102 MAR (SF)) between RepMar and the Asian Development Bank. This loan has been fully provided for in the allowance for uncollectibles.

2,588,787

\$ 15,845,656

#### Notes to Financial Statements September 30, 2004

#### (3) Receivables, Continued

Receivables as of September 30, 2004, for the individual major discretely presently component units, and nonmajor component units in the aggregate, including applicable allowances for uncollectible accounts, are as follows:

	Kwajalein Atoll Joint Utilities Resources, <u>Inc.</u>	Marshalls Energy Company, Inc.	Marshalls Islands Development <u>Bank</u>	Marshall Islands National Telecom. Authority	RMI Ports <u>Authority</u>	Nonmajor Component <u>Units</u>	<u>Totals</u>

#### Notes to Financial Statements September 30, 2004

#### (6) Long-term Obligations

#### **Primary Government**

Under the Government Borrowing Act of 1985, RepMar may borrow money for such purposes as approved by the Nitijela of RepMar. As of September 30, 2004, the primary government had the following long-term debt outstanding:

#### A. Asian Development Bank (ADB) Loans

Asian Development Bank (ADB) Loans	
Loan Number 1102 MAR (SF) - Fisheries Development Project Loan (SDR 2,432,599), non-interest bearing with a service charge of 1% per annum on the amount of the loan withdrawn from the Loan Account. Semiannual loan payments commenced January 1, 2003 in an amount of SDR 51,900, increasing to SDR 104,000 on January 1, 2012.	3,305,645
Loan Number 1218 MAR (SF) - Typhoon Rehabilitation Loan (SDR 364,000), non-interest bearing with a service charge of 1% per annum on the amount of the loan withdrawn from the Loan Account. Semiannual loan payments commenced May 15, 2003 in an amount of SDR 3,600, increasing to SDR 7,300 on May 15, 2013.	492,914
Loan Number 1249 MAR (SF) - Basic Education Project Loan (SDR 5,717,446), non-interest bearing with a service charge of 1% per annum on the amount of the loan withdrawn from the Loan Account. Semiannual loan payments commenced April 15, 2004 in an amount of SDR 57,200, increasing to SDR 114,300 on April 15, 2014.	7,724,070
Loan Number 1250 MAR (SF) - Majuro Water Supply Project Loan No. 1 (SDR 478,496), non-interest bearing with a service charge of 1% per annum on the amount of the loan withdrawn from the Loan Account. Semiannual loan payments commenced November 15, 2003 in an amount of SDR 5,000, increasing to SDR 10,100 on November 15, 2013.	707,976
Loan Number 1316 RMI (SF) - Health and Population Project Loan (SDR 3,858,516), non-interest bearing with a service charge of 1% per annum on the amount of the loan withdrawn from the Loan Account. Semiannual loan payments commence January 1, 2005 in an amount of SDR 39,100, increasing to SDR 78,200 on January 1, 2015.	5,228,272
Loan Number 1389 RMI (SF) - Majuro Water Supply Project Loan No. 2 (SDR 6,062,000), non-interest bearing with a service charge of 1% per annum on the amount of the loan withdrawn from the Loan Account. Semiannual loan payments commence March 1, 2006 in an amount of SDR 60,700, increasing to SDR 121,200 on March 1, 2016.	8,303,958
Loan Number 1513 RMI (SF) - Public Sector Reform Program Loan (SDR 8,241,000), non-interest bearing with a service charge of 1% per annum on	

11,290,181

the amount of the loan withdrawn from the Loan Account. Semiannual loan payments commence June 1, 2007 in an amount of SDR 82,400,

increasing to SDR 164,800 on June 1, 2017.

#### Notes to Financial Statements September 30, 2004

#### (6) Long-term Obligations, Continued

#### Primary Government, Continued

#### A. Asian Development Bank (ADB) Loans, Continued

Loan Number 1694 RMI (SF) - Ebeye Health and Infrastructure Project Loan (SDR 6,924,000), non-interest bearing with a service charge of 1% per annum on the amount of the loan withdrawn from the Loan Account. On December 9, 2003, the ADB closed the Loan Account and reduced the loan amount to SDR 5,270,405. Semiannual loan payments commence February 1, 2008 in an amount of SDR 144,250.

8,953,626

Loan Number 1791 RMI (SF) - Skills Training and Vocational Education Project Loan (SDR 5,276,000), non-interest bearing with a service charge of 1% per annum on the amount of the loan withdrawn from the Loan Account. Semiannual loan payments commence May 15, 2009 in an amount of SDR 109,916, at which time the service charge increases to 1.5% per annum.

4,230,647

Loan Number 1828 RMI - Fiscal and Financial Management Program Loan No. 1 (\$4,000,000), interest at the ADB's pool-based variable lending rate system for U.S. dollar loans (6.34% at September 30, 2004), a frontend fee of 1%, and a commitment charge of 0.75% per annum on the amount of the loan unwithdrawn from the Loan Account. On October 3, 2003, the ADB closed the Loan Account. Semiannual loan payments commence November 15, 2004 in an initial amount of \$89,900 with graduated increases of 5% to \$276,100 through May 15, 2016.

4,000,000

Loan Number 1829 RMI (SF) - Fiscal and Financial Management Program Loan No. 2 (SDR 6,320,000), non-interest bearing with a service charge of 1% per annum on the amount of the loan withdrawn from the Loan Account. Semiannual loan payments commence November 15, 2009 in an amount of SDR 197,500, at which time the service charge increases to 1.5% per annum.

8,388,966

Loan Number 1948 RMI (SF) - Outer Island Transport Infrastructure Project (SDR 5,304,000), non-interest bearing with a service charge of 1% per annum on the amount of the loan withdrawn from the Loan Account. Semiannual loan payments commence February 1, 2011 in an amount of SDR 110,500, at which time the service charge increases to 1.5% per annum.

#### Discretely Presented Component Units

As of September 30, 2004, the discretely presented component units had the following long-term debt outstanding:

#### Marshalls Energy Company, Inc. (MEC)

Loan with the Federal Financing Bank (FFB), dated November 17, 1997, with interest based on the FFB rates at the date of the loan advances and range from 5.49% to 7.25% per annum. Principal and interest are payable in quarterly installments of \$273,770 through January 2, 2018, with loan repayments guaranteed by the Rural Utilities Service (RUS). The mortgage notes have been unconditionally guaranteed by RepMar, under which RepMar will make debt service payments to RUS in the event of default by MEC, and have been collateralized by a leasehold mortgage and security agreement over the assets of MEC. These notes are subject to certain coverage ratio requirements. MEC is not in compliance with these ratio requirements as of September 30, 2004.

#### Notes to Financial Statements September 30, 2004

#### (6) Long-term Obligations, Continued

#### Discretely Presented Component Units, Continued

#### Marshall Islands Development Bank (MIDB)

Loan payable to the International Commercial Bank of China, due August 6, 2014, payable semi-annually in installments of \$200,000 plus interest at 5% per annum, uncollateralized.

4,090,000

#### Marshall Islands National Telecommunications Authority (MINTA)

Loan with the RUS (formerly the Rural Electrification Administration) from the Rural Electrification and Telephone Revolving Fund, dated August 17, 1989 of \$18.8 million, and increased by \$3.999 million on April 23, 1993, with interest at 5% per annum. The \$18.8 million loan has been unconditionally guaranteed by RepMar, under which RepMar will make debt service payments to RUS in the event of default by MINTA. Mortgages over specific MINTA ground leases and essentially all assets of MINTA have collateralized both loans.

16,294,760

#### **RMI Ports Authority (RMIPA)**

Note payable to bank, due June 28, 2006, payable in monthly installments of \$3,134, interest at 7%, collateralized by a time certificate of deposit.

60,947

#### Tobolar Copra Processing Plant, Inc. (TCPPI)

Bank credit line of \$1,000,000, with various terms, due on various dates, interest at the bank's reference rate plus 2.5% (7.5% at September 30, 2004), collateralized by a general security agreement over all assets of TCPPI and a guarantee from RepMar.

Nuclear Claims Trust Nuclear Claims Trust	Nuclear Claims Tribunal Nonmajor governmental funds	\$ 3,671,907 	\$
		\$ <u>4,171,907</u>	\$

Transfers are used to 1) move revenues from the fund that enabling legislation or budget requires to collect them to the fund that enabling legislation or budget requires to expend them, 2) use unrestricted revenues collected in the General Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations, and 3) record reductions in interfund loans for amounts that are not expected to be repaid.

#### (8) Contingencies

#### Sick Leave

It is the policy of RepMar to record expenditures for sick leave when leave is actually taken. Sick leave is compensated time for absence during working hours arising from employee illness or injury. The estimated accumulated amount of unused sick leave as of September 30, 2004 is \$7,328,889.

#### Notes to Financial Statements September 30, 2004

#### (8) Contingencies, Continued

#### Insurance Coverage

RepMar does not maintain insurance coverage for a significant amount of fixed assets. In the event of a catastrophe, RepMar may be self-insured to a material extent.

#### Federal Grants

RepMar participates in a number of federally assisted grant programs and other various U.S. Department of the Interior grants. These programs are subject to financial and compliance audits to ascertain if Federal laws and guidelines have been followed. Cumulative questioned costs of \$15,421,303 relating to fiscal years 2001 through 2004 have been set forth in RepMar's Single Audit Report for the year ended September 30, 2004, including \$12,482,378 in questioned costs pertaining to subgrantees for which questioned costs remain unresolved for more than six months after issuance of their respective Single Audit reports. In addition, RepMar is considered to have responsibility for any questioned costs that may result from Single Audits of subgrantees who have not satisfied the audit requirements of OMB Circular A-133. The ultimate disposition of these questioned costs can be determined only by final action of the respective grantor agencies. Therefore, no provision for any liability that may result upon resolution of this matter has been made in the accompanying financial statements.

#### Intergenerational Trust Fund

RepMar maintains a time certificate of deposit with the Marshall Islands Development Bank (MIDB) in the amount of \$7,000,000. Under the terms of deposit, the certificate accrues interest at the rate of 4% per annum and matures on May 8, 2018. In the event that RepMar redeems this certificate at an earlier date, receipt of funds may be dependent upon the underlying collectibility of loans issued by MIDB, as the Bank does not appear to have readily available cash reserves to meet early redemption. Furthermore, in the event that RepMar is unable to liquidate this deposit at an earlier date, such may be deemed to constitute a cash transfer out to MIDB. As funding for the Intergenerational Trust Fund was provided, in part, by Section 211 Compact Capital Account funds, such may not ultimately be considered to be in accordance with the intent of the Compact and may be contrary to this agreement with the U.S. Department of the Interior.

#### Nuclear Claims Trust Fund (NCTF)

Section 177(c) of the Compact of Free Association (the Compact) provides, on a one-time grant basis, the amount of \$150,000,000 to RepMar to be used to establish a trust fund from which annual distributions are to be made in accordance with Article II of the Agreement between the Government of the United States and RepMar for Implementation of Section 177 of the Compact (the Agreement). Pursuant to the Agreement, RepMar established the NCTF from which these distributions are made. Over a period of fifteen years, the Nuclear Claims Tribunal (NCT) received \$45,750,000 from the NCTF that was made available for whole or partial payment of monetary awards. During the year ended September 30, 2004, NCT received \$3,671,907 from the NCTF, which included funds to fund partial payment of monetary awards. As of September 30, 2004, NCT has committed to the distribution of monetary awards for personal injury claims of \$14,873,373 and of property damage claims of \$1,083,472,000, which will be paid out against the reserved fund balance and future sums that NCT expects to receive from the NCTF. The reserved fund balance of the NCTF is \$5,072,407 as of September 30, 2004. Accordingly, additional funds will have to be made available through future earnings of the funds invested in the NCTF after the end of the Compact or from a renegotiated financial settlement of damages with the United States.

#### Notes to Financial Statements September 30, 2004

#### (8) Contingencies, Continued

#### Marshalls Energy Company, Inc. (MEC)

MEC is currently in noncompliance with certain coverage ratio requirements relating to a loan agreement with the RUS. The mortgage notes have been unconditionally guaranteed by RepMar. RepMar may be liable for the debt service payments to RUS in the event of default by MEC.

#### Leases

RepMar enters into numerous leases with various landowners. The lease terms generally range from one to fifteen years. However, appropriations to fund these leases are made only on an annual basis. For fiscal year 2004, RepMar appropriated \$829,875 to fund such leases.

#### Coin Issue

RepMar authorized the issuance of certain commemorative coins that are represented to be the legal tender of the Republic of the Marshall Islands. Under the terms of the contract, if an owner of the coins presents them in the Republic of the Marshall Islands, the Government must redeem them for the face value. On October 28, 1998, the Cabinet of RepMar directed the Minister of Finance to terminate the contract.

#### (9) Commitments

RepMar has made the following commitments as of September 30, 2004:

- a) Guaranteed a bank debt of Tobolar Copra Processing Plant, Inc. (TCPPI) with a letter of guarantee. At September 30, 2004, TCPPI had guaranteed bank debt totaling \$650,000.
- b) Guaranteed a debt of Marshall Islands National Telecommunications Authority (MINTA) in respect of a loan from the United States Rural Utilities Service (RUS, formerly Rural Electrification Administration) with a letter of guarantee. At September 30, 2004, MINTA had guaranteed debt totaling \$16,294,760.
- c) Guaranteed a debt of Marshalls Energy Company, Inc. (MEC) in respect to a loan from the United States Rural Utilities Service (RUS) with a letter of guarantee. At September 30, 2004, MEC had guaranteed debt totaling \$9,781,020.
- d) Guaranteed debt of a third party for the construction of the Majuro Tuna Processing Facility with a time certificate of deposit totaling \$1,435,448.
- e) RepMar has entered into lease agreements with certain landowners for the use of land situated at the Majuro international airport. The terms of the lease agreements are for a 25-year period commencing September 1, 1996. Annual lease rental commitments are \$305,613 per year.

#### Notes to Financial Statements September 30, 2004

#### (9) Commitments, Continued

- f) RepMar has issued a letter of guarantee in the amount of \$178,000 plus interest for the benefit of the Delap Assembly of God Church for a loan issued by Marshall Islands Development Bank.
- g) RepMar has entered into a loan agreement (Loan Number 1791 RMI (SF)) with the ADB for SDR 5,276,000 (approximates \$7,389,313 at September 30, 2004) for the Skills Training and Vocational Education Project. At September 30, 2004, RepMar had drawn down \$4,230,647 against this loan.
- h) RepMar has entered into a loan agreement (Loan Number 1948 RMI (SF)) with the ADB for SDR 5,304,000 (approximates \$7,776,815 at September 30, 2004) for the Outer Island Transport Infrastructure Project. At September 30, 2004, RepMar had drawn down \$2,624 against this loan.
- i) In accordance with Cabinet Minute C.M. 150 (2002), the Cabinet of RepMar has approved a loan to Air Marshall Islands, Inc. in the amount of \$2,000,000, which was subsequently reduced to \$1,600,000. At September 30, 2004, RepMar had disbursed \$1,050,000 against this loan commitment.
- j) In accordance with Cabinet Minute C.M. 050 (2003), the Cabinet of RepMar has issued a government guarantee in the amount of \$500,000 for the benefit of a local business for a loan issued by the Marshall Islands Development Bank.
- k) In accordance with Cabinet Minute C.M. 121 (2003), the Cabinet of RepMar has issued a government guarantee in the amount of \$5,000,000 for a loan obtained by the Marshall Islands Development Bank.
- 1) In accordance with Cabinet Minute C.M. 141 (2003), the Cabinet of RepMar has issued a government guarantee for a loan in the amount of \$200,000 for the benefit of the Kwajalein Atoll Joint Utilities Resources, Inc.
- m) On February 19, 2004, the Cabinet of RepMar approved a joint venture Memorandum of Agreement with a local private corporation whereby RepMar granted and conveyed controlling ownership interest to the corporation of the hotel facility owned by Majuro Resort, Inc. On September 9, 2004, the Cabinet of RepMar approved the appointment of a Committee to re-visit the privatization of the hotel facility including obtaining an independent valuation of the property. As of September 30, 2004, no transfer in ownership has occurred.
- n) In accordance with Cabinet Minute C.M. 057(2004), the Cabinet of RepMar has guaranteed a credit card facility with a time certificate of deposit totaling \$55,000.
- o) In accordance with Cabinet Minute C.M. 139 (2004), the Cabinet of RepMar has issued a government guarantee in the amount of \$518,000 for a loan obtained by Air Marshall Islands, Inc.

#### Notes to Financial Statements September 30, 2004

Notes to Required Supplementary Information - Budgetary Reporting September 30, 2004

#### (1) Budgetary Information

The Secretary of Finance and the Chief Budget Officer present to the Cabinet, prior to September 30, proposed budget estimates for the fiscal year commencing October 1. The budget estimates include the overall and total proposed expenditures of RepMar and the means of financing those expenditures. The Cabinet reviews and approves these estimates making changes, as it deems appropriate. The Appropriation Committee of the Nitijela, during the second sitting of the regular session of the Nitijela, holds public hearings at which time Ministries and Offices are required to justify their budget estimates. During the second sitting of the Nitijela, an appropriation bill, as required by the Constitution, is introduced and budget estimates are then legally enacted by the Nitijela.

Formal budget integration is employed as a management control device during the year for all funds. The Cabinet has the authority to reprogram budgeted estimates in accordance with the Constitution. All annual appropriations lapse at fiscal year end unless otherwise specified by law. Supplemental appropriations may occur throughout the year. Unexpended encumbrances at each fiscal year end are carried forward until they are expended or canceled without further legislative action. RepMar does not establish budgets for the operations of its other governmental funds.

Accounting principles used in developing data on a budgetary basis differ from those used in preparing the basic financial statements in conformity with GAAP. Amounts included on the Statement of Revenues, Expenditures, and Changes in Deficit - Budget and Actual - General Fund (which are presented on a non-GAAP budgetary basis) are reconciled to unreserved deficit of the Governmental Fund Balance Sheet within the other changes in unreserved deficit section of that statement.

Encumbrance accounting is employed in governmental funds. For budgetary purposes, the encumbrances (i.e., purchase orders, contracts) are considered expenditures when incurred. For GAAP reporting purposes, encumbrances outstanding at year end are reported as reservations of fund balances and do not constitute expenditures or liabilities because the commitments will be reappropriated and honored during the subsequent fiscal year.

For the year ended September 30, 2004, expenditures of the General Fund exceeded budget at the program area level (i.e., the legal level of budgetary control) as follows:

Program Area	<u>Excess</u>
Government Electricity Billings - Majuro	\$ 19,824
Government Electricity Billings - Ebeye	\$ 10,929
Land Leases	\$ 124,845
ADB Loan Repayment	\$ 282,091
Ministry of Transportation and Communication	\$ 10,246
Ministry of Foreign Affairs and Trade	\$ 8,717

#### September 30, 2004

Special revenue funds are used to account for specific revenues that are legally restricted for particular purposes. A brief discussion of RepMar's Nonmajor Governmental Funds - Special Revenue Funds as of September 30, 2004, follows:

#### Reimbursable Fund

This fund accounts for the operations of the Majuro Weather Station that is funded by the United States Department of Commerce National Weather Service and overtime charges for Customs and Immigration personnel whose attendance is required at the various ports of entry into the Marshall Islands.

#### Public Works Fund

This fund was established under Public Law No. 2003-24 and accounts for all charges, fees and other monies collected or generated by the Ministry of Public Works.

#### Land Registration Fund

This fund accounts for the operations of the Marshall Islands Land Registration Authority. This Authority was established under Public Law No. 2001-26 to provide a legal framework for registration of land in the Marshall Islands in order to encourage investment and to protect land interest holders.

#### Marine Resources Fund

This fund was established under Public Law No. 1988-12 and accounts for the exploration, exploitation, regulation, corporation and management of marine resources within the Marshall Islands prior to the establishment of the Marshall Islands Marine Resources Authority.

#### Changed Circumstances Fund

This fund accounts for the expenditures related to the Changed Circumstances Study using excess annual proceeds from the Section 177 Nuclear Claims Trust Fund.

#### **Judiciary Fund**

This fund accounts for all financial transactions related to RepMar's judicial system as required under Public Law No. 1989-69.

#### Ministry of Justice Fund

This fund accounts for specific operations of both the Department of Public Safety and Ministry of Justice. This fund was established under Public Law No. 1989-70 and administers fees and fines, as collected by the courts with respect to violation of National Government laws, and any appropriations made by the Nitijela for related purposes.

#### September 30, 2004

#### Alternative Energy Fund

This fund accounts for the development, marketing, and operation of alternative energy systems. This fund was established under Public Law No. 1989-63 to administer revenue received with respect to alternative energy systems, and any appropriations made by the Nitijela for related purposes.

#### National Environmental Protection Authority Fund

This fund accounts for the operations of the National Environmental Protection Authority. This fund was established under Public Law No. 1984-31, as amended by Public Law No. 1987-2, for the protection and management of the environment.

#### Resident Workers Training Account Fund

This fund was established under Public Law No. 1987-6 and accounts for all monies collected under the provisions of the Nonresident Workers Act 1983 from employers who employ non-resident workers, and accounts for all financial transactions of the National Training Council.

#### Airport Trust Fund

This fund was established under Public Law No. 1983-26 to account for airport development, improvement and maintenance, and to meet the salaries and expenses of the Director of Civil Aviation and his staff.

#### Ministry of Transportation and Communications Fund

This fund was established under Public Law No. 2001-38 and accounts for all charges, fees and other monies collected or generated by the Ministry of Transportation and Communications through the use of their shipping vessels.

#### Ministry of Resources and Development Fund

This fund was established under Public Law No. 2001-38 and accounts for all charges, fees and other monies collected or generated by the Ministry of Resources and Development through the use of their shipping vessels.

#### Ships Operations Fund

This fund was established to account for all charges, fees and other monies collected or generated by the Ministry of Transportation and Communications through the use of their shipping vessels prior to the establishment of the Transportation Services Fund.

#### Postal Service Fund

This fund was established under Public Law No. 1985-4 to account for and administer monies collected and paid under the provisions of the Postal Service Act 1983 and any appropriations made by the Nitijela for related purposes.

#### September 30, 2004

#### Sea Patrol Fund

This fund was established under Public Law No. 1991-143 and accounts for all charges, fees and fines generated and received by the Sea Patrol Division through the use of the patrol boat M.V. Lomor.

#### Transportation Services Fund

This fund was established under Public Law No. 2001-38 and accounts for all charges, fees and other monies collected or generated by the Ministry of Transportation and Communications through the use of their shipping vessels.

#### Registrar General Fund

This fund was established under Public Law No. 1992-4 and accounts for all charges, fees and monies collected or generated by the Ministry of Internal Affairs Registrar-General of Births, Deaths and Marriages.

#### Ministry of Internal Affairs Fund

This fund was established under Public Law No. 2003-84 and accounts for all charges, fees and monies collected or generated by Ministry of Internal Affairs through Radio V7AB, the Lands and Survey Division, the ID Card Section, the Sports and Recreation Division, and any other funds generated by the Ministry for a specific purpose.

#### Local Government Fund

This fund accounts for the disbursement of funds to Local Governments. The fund was established under Public Law No. 1981-2 to channel monies appropriated by the Nitijela and granted by RepMar to local governments.

#### Four-Atoll Medical Fund

This fund accounts for transactions from the distribution of annual proceeds from the Nuclear Claims Trust Fund in accordance with Article II, Section 1(a) of the agreement between the Government of the United States and RepMar for the implementation of Section 177 of the Compact of Free Association.

#### Section 177 Administration Fund

This fund accounts for transactions, prior to the establishment of the Nuclear Claims Tribunal, from the distribution of annual proceeds from the Nuclear Claims Trust Fund in accordance with Article II, Section 6(a) of the agreement between the Government of the United States and the Government of the Marshall Islands for the administration of Section 177 of the Compact of Free Association.

#### Section 215(a)(1) Communications Fund

This fund accounts for United States Congress appropriations under United States Public Law 99-239, Title II, Article I, Section 215(a)(1) and approved by Nitijela resolution 62.

September 30, 2004

#### Section 216(a)(1) Surveillance and Enforcement Fund

This fund accounts for United States Congress appropriations under United States Public Law 99-239, Title II, Article I, Section 216(a)(1) and approved by Nitijela resolution 62.

#### Section 216(a)(3) Scholarship Fund

This fund accounts for United States Congress appropriations under United States Public Law 99-239, Title II, Article I, Section 216(a)(3) and approved by Nitijela resolution 62.

#### Section 221(b) Education and Health Care Fund

This fund accounts for United States Congress appropriations under United States Public Law 99-239, Title II, Article I, Section 221(b) and approved by Nitijela resolution 62.

#### Section 211(a)(3) Private Sector Development Fund

This fund accounts for United States Congress appropriations under United States Public Law 99-239, as amended, Title II, Article I, Section 211(a)(3) and approved by Nitijela resolution 123 to support the efforts in attracting foreign investment and increasing indigenous business activity.

#### Section 211(a)(5) Environment Sector Fund

This fund accounts for United States Congress appropriations under United States Public Law 99-239, as amended, Title II, Article I, Section 211(a)(5) and approved by Nitijela resolution 123 to increase environmental protection; establish and manage conservation areas; engage in environmental infrastructure planning, design construction and operation; and to involve the citizens of the Marshall Islands in the process of conserving their country's natural resources.

#### Section 211(b)(1) Kwajalein Environment Fund

This fund accounts for United States Congress appropriations under United States Public Law 99-239, as amended, Title II, Article I, Section 211(b)(1) and approved by Nitijela resolution 123 to address the special needs of the community at Ebeye, Kwajalein Atoll, with respect to environmental protection issues.

#### Section 216 Trust Fund

This fund accounts for United States Congress appropriations under United States Public Law 99-239, as amended, Title II, Article I, Section 216 and approved by Nitijela resolution 123 representing United States contributions to the Intergenerational Trust Fund.

#### Other Direct Assistance Fund

This fund accounts for all financial transactions related to direct grants received from non-U.S. agencies, which have historically been accounted for herein, and also includes grants from other world organizations.

#### September 30, 2004

#### Republic of China Projects Fund

This fund accounts for all financial transactions related to direct grants received from the Republic of China relating to designated projects.

#### Marshall Islands Scholarship Grant and Loan Board

This fund was established under Public Law No. 1979-19 and accounts for all disbursements of scholarship funds.

#### Health Care Revenue Fund

This fund was established under Public Law No. 1989-59 within the Ministry of Health and Environment to control the expenditure of funds for health care related services.

#### Ministry of Health Health Fund

This fund was established under Public Law No. 1990-75, as amended by Public Law Nos. 2001-31 and 2001-35, to account for the operations of the Basic and Supplemental Health Funds delivering comprehensive medical care to the residents of the Marshall Islands.

#### Ministry of Education Head Start Program

This fund was established to account for federal awards received in a direct capacity from the U.S. Department of Health and Human Services Head Start program.

#### **Nuclear Claims Tribunal**

This fund accounts for all financial transactions arising from distributions made under the (Compact of Free Association) Section 177 Agreement as a result of the Nuclear Testing Program.

#### REPUBLIC OF THE MARSHALL ISLANDS NONMAJOR GOVERNMENTAL FUNDS - CAPITAL PROJECTS FUNDS

#### September 30, 2004

Capital projects funds are used to account for the acquisition and construction of major capital facilities other than those financed by proprietary funds and trust funds. A brief discussion of RepMar's Nonmajor Governmental Funds - Capital Projects Funds as of September 30, 2004, follows:

#### Section 211 Compact Capital Account

This fund accounts for United States Congress appropriations under United States Public Law 99-239, Title II, Article I, Section 211(a)(1) and approved by Nitijela resolution 62. The aforementioned section requires no less than 40% of the total amounts appropriated by the United States Congress to be applied to the capital account.

#### Section 211(d)(2) Infrastructure Maintenance Fund

This fund accounts for United States Congress appropriations under United States Public Law 99-239, as amended, Title II, Article I, Section 211(d)(2) and approved by Nitijela resolution 123. The aforementioned section requires 5% of the annual Public Infrastructure Sector Grant be set aside with an equal contribution from RepMar for the purpose of funding infrastructure maintenance programs as approved by the Government of the United States.

#### Other Capital Projects Fund

This fund accounts for miscellaneous monies received that are specifically designated for capital-related projects.

#### Section 111 Investment Development Fund

This fund accounts for United States Congress appropriations under United States Public Law 99-239, Compact of Free Association, Section 111 and approved by Nitijela resolution 62. These funds were subsequently transferred to and vested in the Marshall Islands Development Bank under Public Law No. 1988-21.

#### Marshall Islands Development Authority (MIDA) Fund

This fund accounts for capital projects specified under Public Law No. 1988-14, Section 12 and Schedule 3, appropriated to MIDA from Capital Account funds provided under Section 211 of the Compact of Free Association. Those appropriations do not lapse at the end of the fiscal year, but continue until either the purpose of the appropriation is complete, or the funds are expended, whichever occurs first.

#### Asian Development Bank (ADB) Development Projects

This fund accounts for capital projects funded by Asian Development Bank loans. These projects include the fisheries development (ADB Loan Number 1102 MAR (SF)), typhoon emergency rehabilitation program (ADB Loan Number 1218 MAR (SF)), improvement of basic education (ADB Loan Number 1249 MAR (SF)), Majuro water supply project (ADB Loan Numbers 1250 MAR (SF) and 1389 RMI (SF)), improvement of health care (ADB Loan Number 1316 RMI (SF)), the Ebeye health and infrastructure project (ADB Loan Number 1694 RMI (SF)), and the skills training and vocational education project (ADB Loan Number 1791 RMI (SF)).

#### REPUBLIC OF THE MARSHALL ISLANDS FIDUCIARY FUNDS - PRIVATE PURPOSE TRUSTS

September 30, 2004

Private purpose trusts are used to report any trust arrangement not properly reported in a pension trust fund or an investment trust fund "under which principal and income benefit individuals, private organizations, or other governments." A brief discussion of RepMar's Private Purpose Trusts as of September 30, 2004, follows:

#### Marshall Islands Social Security Administration (MISSA)

This fund established MISSA under Public Law No. 1990-75, which administers the Marshall Islands Social Security Retirement Fund, to provide a financially sound social security system with pension benefits and early retirement.

#### Kwajalein Atoll Trust Fund

This fund accounts for funds received under the Interim Use Agreement, to be disbursed to various Kwajalein landowners.

#### Section 212 Kwajalein Landowners Fund

This fund accounts for United States Congress appropriations under United States Public Law 99-239, as amended, Title II, Article I, Section 212 and approved by Nitijela resolution 123 in accordance with the Military Use and Operating Rights Agreement.

#### Nuclear Claims Trust Fund

This fund accounts for United States Congress appropriations under United States Public Law 99-239, Compact of Free Association, Section 177(c) which were paid and distributed in accordance with an agreement between the Government of the United States and RepMar for the implementation of Section 177 of the Compact of Free Association.

#### REPUBLIC OF THE MARSHALL ISLANDS NONMAJOR COMPONENT UNITS

September 30, 2004

Component units are legally separate organizations for which the elected officials of RepMar are financially accountable. A brief discussion of RepMar's Nonmajor Component Units as of September 30, 2004, follows:

#### Air Marshall Islands, Inc. (AMI)

AMI was granted a corporate charter by the Cabinet of RepMar on October 12, 1989 to provide domestic and international carrier service within and from the Marshall Islands. AMI is governed by a seven-member Board of Directors appointed by the President upon approval of the Cabinet of RepMar.

#### College of the Marshall Islands (CMI)

CMI was established as an independent institution pursuant to the College of the Marshall Islands Act of 1992 (Public Law No. 1992-13) to provide post-secondary education services to meet the needs of the Marshall Islands. CMI is governed by a nine-member Board of Regents appointed by the President upon approval of the Cabinet of RepMar.

#### Kwajalein Atoll Joint Utilities Resources, Inc. (KAJUR)

KAJUR was granted a corporate charter by the Cabinet of RepMar on September 1, 1990 to engage in the business of generating and distributing utility services on the island of Ebeye. KAJUR is governed by a seven-member Board of Directors appointed by the Kwajalein Atoll Development Authority.

#### Majuro Resort, Inc. (MRI)

MRI was granted a corporate charter by the Cabinet of RepMar on November 8, 1995 to engage in the operation of a 150-room hotel on the atoll of Majuro. MRI is governed by a seven-member Board of Directors appointed by the President upon approval of the Cabinet of RepMar.

#### Majuro Water and Sewer Company, Inc. (MWSC)

MWSC was granted a corporate charter by the Cabinet of RepMar on January 26, 1989 to engage in the business of collecting and distributing fresh water, waste water and maintaining the sewer system. MWSC is governed by a seven-member Board of Directors appointed by the President upon approval of the Cabinet of RepMar.

#### Marshall Islands Marine Resources Authority (MIMRA)

MIMRA was established as a body corporate pursuant to the Marshall Islands Marine Resources Authority Act of 1997 (Public Law No. 1997-60) to facilitate the sustainable and responsible use of the marine resources in the Marshall Islands. MIMRA is governed by a seven-member Board of Directors, including the Minister of Resources and Development, the Minister of Foreign Affairs, the Minister of Internal Affairs, and four members appointed by the President.

#### REPUBLIC OF THE MARSHALL ISLANDS NONMAJOR COMPONENT UNITS

September 30, 2004

#### Marshall Islands Visitors Authority (MIVA)

MIVA was established as a body corporate pursuant to the Tourism Act of 1991 (Public Law No. 1991-109) to develop and promote the natural, scenic, cultural, historical and recreation attractions of the Marshall Islands. MIVA is governed by a six-member Board of Directors (with the General Manager serving ex officio and without vote), including the Secretary of Resources and Development, the Secretary of Internal Affairs (or designee), three members from the private sector appointed by the Minister of Resources and Development upon approval of the Cabinet of RepMar.

#### Meram, Inc.

Meram, Inc. was granted a corporate charter by the Cabinet of RepMar on May 7, 2001 for the primary purpose of operating and maintaining the MV Jobake. Meram, Inc. is governed by a five-member Board of Directors appointed by the President upon approval of the Cabinet of RepMar.

#### RMI Environmental Protection Authority (EPA)

EPA was established for the protection and management of the environment. EPA is governed by a five-member Board of Directors appointed by the President in consultation with the Minister of Resources and Development.

#### Tobolar Copra Processing Plant, Inc. (TCPPI)

TCPPI was granted a corporate charter by the Cabinet of RepMar on August 13, 1977 for the primary purpose of engaging in the production, processing, and marketing of copra products. TCPPI is governed by a six-member Board of Directors (with the President serving ex officio and without vote) appointed by the President upon approval by the Cabinet of RepMar.
