INDEPENDENT AUDITORS' REPORT

Honorable Minister Kitlang Kabua Ministry of Education, Sports and Training Republic of the Marshall Islands

Report on the Financial Statements

We have audited the accompanying financial statements of the Republic of the Marshall Islands (RMI) Improving the Quality of Basic Education in the North Pacific Project (the "Project"), financed by the Asian Development Bank's Special Fund (Grant Number 0536-RMI (SF)), which comprises the statements of project account for the years ended September 30, 2021 and 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the cash basis of accounting described in Note 2 to the financial statements; this includes determining that the cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Deloitte.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the cash receipts and disbursements of the Project for the years ended September 30, 2021 and 2020, in accordance with the cash basis of accounting described in Note 2 to the financial statements.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. These financial statements are prepared on the cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Emphasis-of-Matters

Reporting Entity

As discussed in Note 1 to the financial statements, the financial statements referred to above present only the activities of the Project administered and implemented by the RMI Public School System and are not intended to present fairly the results of other non-Project related operations of the RMI Public School System in conformity with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Matters

Use of Proceeds of the Grant and Particular Covenants

In connection with our audit, nothing came to our attention that caused us to believe that the Project failed to comply with the terms, covenants, provisions, or conditions of Articles III and IV of the grant agreements dated July 7, 2017 insofar as they relate to accounting matters. However, our audit was not directed primarily toward obtaining knowledge of such noncompliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding the Project's noncompliance with the above-referenced terms, covenants, provisions, or conditions of the grant agreement, insofar as they relate to accounting matters.

Required Supplementary Information

Management has omitted the Management's Discussion and Analysis that accounting principles generally accepted in the United States of America requires to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The Other Supplementary Information, as set forth in Section III of the foregoing table of contents, is presented for purposes of additional analysis and is not a required part of the financial statements. The Other Supplementary Information is the responsibility of the RMI Public School System's management. The additional information on pages 7 through 9 was derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America by us and other auditors.

Deloitte.

Other Matters, Continued

Other Information, Continued

In our opinion, based on our audit, the procedures performed as described above, the additional information on pages 7 through 9 is fairly stated, in all material respects, in relation to the financial statements as a whole. The information on page 10 has not been subjected to the auditing procedures applied in the audit of the financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Restricted Use Relating to Other Matters

The communication related to compliance with the aforementioned grant agreement described in the Other Matters paragraph is intended solely for the information and use of the RMI Public School System's management and the Asian Development Bank and is not intended to be and should not be used by anyone other than these specified parties.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated March 24, 2022, on our consideration of the Project's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Project's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Project's internal control over financial reporting and compliance.

See accompanying notes to financial statement.

Notes to Statement of Project Account Years Ended September 30, 2021 and 2020

(1) Organization

On July 7, 2017, the Republic of the Marshall Islands (RMI) entered into a grant agreement (Grant Number 0536 RMI (SF)) with the Asian Development Bank (ADB) in the amount of \$6,500,000 for the Improving the Quality of Basic Education in the North Pacific Project (the Project), with a grant closing date of January 31, 2024. The objective of the Project is to: (1) address factors to improve the conditions for learning in the Marshall Islands; (2) to build on the successes and lessons learned under the Quality Primary Education in the North Pacific technical assistance; (3) and to allow for a more comprehensive and sustained approach required for effective reforms within the primary education sector.

The RMI Minister of Finance, Banking and Postal Services is designated as the representative of the RMI for the purposes of the grant regulations. The RMI Public School System (PSS), as the Project Implementation Agency, is responsible for carrying out the Project. PSS established the PSS Imprest Account to facilitate the implementation of the Project through timely release of funds and made \$50,000 of grant proceeds available for this purpose. PSS is required to operate and liquidate the PSS Imprest Account in accordance with ADB regulations. The accompanying statements of project account are prepared and solely incorporate the activities of the Project maintained by PSS and does not incorporate any accounts related to any other departments or agencies of the RMI or PSS.

(2) Summary of Significant Accounting Principles

Basis of Accounting

The Project's policy is to maintain its accounts and prepare its financial statements on the cash receipts and disbursements basis of accounting. All transactions are recognized as receipts or disbursements, including direct payments made by the ADB to vendors. Direct payments are disbursements made by the ADB, at the request of the RMI PSS, to designated beneficiaries (e.g., supplier, contractor, or consultant) directly. The cash basis differs from accounting principles generally accepted in the United States of America primarily because receipts/revenues are recognized when received rather than when earned and disbursements/expenses are recognized when paid rather than when the obligation is incurred.

Cash

For the purpose of the statements of project account, the Project considers cash to be cash in deposit accounts. As of September 30, 2021 and 2020, the carrying amount of the Project's total cash was \$21,133 and \$30,066, respectively, and the corresponding bank balance was \$26,197 and \$35,171, respectively, which is maintained in a financial institution subject to Federal Deposit Insurance Corporation insurance. The Project does not require collateralization of its cash deposits.

(3) ADB Imprest Fund Account

For the years ended September 30, 2021 and 2020, the ADB made available grant proceeds in the amount of \$582,665 and \$668,358, respectively, for expenditures incurred under certain categories of the Project.

Notes to Statement of Project Account Year Ended September 30, 2021 and 2020

(3) ADB Imprest Fund Account, Continued

Reconciliation of the ADB Imprest Account to cash as of September 30, 2021 and 2020, is as follows:

	<u>2021</u>	<u>2020</u>
ADB Imprest Account balance end of year	\$ <u>50,000</u>	\$ <u>50,000</u>
Cash disbursements withdrawn from ADB Imprest Account: Claimed but not yet received Not yet claimed for replenishment	(23,803) <u>(5,064</u>)	(16,818) <u>(3,116</u>)
	<u>(28,867</u>)	<u>(19,934</u>)
Cash balance end of year	\$ <u>21,133</u>	\$ <u>30,066</u>

(4) RMI Government Contributions

Under the provisions of the grant agreement, the RMI is required to provide counterpart in-kind contributions estimated at \$1,000,000 in the form of recurrent costs such as office space, utilities, administration and support staff, and taxes and duties exemption. For the years ended September 30, 2021 and 2020, the RMI Government made available counterpart in-kind contributions in the form of income taxes and other personnel benefits, such as social security services and health insurance of national consultants, in the amount of \$94,881 and \$53,838, respectively, for Project recurrent costs.

(5) Commitments

The ADB has made grant proceeds of \$6,500,000 available to the RMI for the purpose of exclusively financing Project expenditures in accordance with grant agreement provisions. As of September 30, 2021, remaining commitments associated with unused grant proceeds amount to \$4,539,134.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Honorable Minister Kitlang Kabua Ministry of Education, Sports and Training Republic of the Marshall Islands:

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statement of the Republic of the Marshall Islands (RMI) Improving the Quality of Basic Education in the North Pacific Project (the "Project"), financed by the Asian Development Bank's Special Fund (Grant Number 0536-RMI (SF)), which comprises the statement of project account for the year ended September 30, 2021, and the related notes to the financial statement, and have issued our report thereon dated March 24, 2022.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statement, we considered the Project's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statement, but not for the purpose of expressing an opinion on the effectiveness of the Project's internal control. Accordingly, we do not express an opinion on the effectiveness of the Project's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Project's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

Deloitte.

Purpose of this Report

the Nauchell

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

March 24, 2022

Unresolved Prior Year Findings Year Ended September 30, 2021

There are no unresolved prior year findings.
