Honorable Minister David Paul
Ministry of Finance, Banking and Postal Services
Republic of the Marshall Islands

We have performed an audit of the financial statement of the Republic of the Marshall Islands (RMI) Marshall Islands Maritime Investment Project (the Project) financed by the World Bank's International Development Association - Grant Number D452-MH, which comprises the statement of cash receipts and disbursements for the year ended September 30, 2023, in accordance with auditing standards generally accepted in the United States, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and have issued our report thereon dated November 14, 2025.

This report summarizes our communications with those charged with governance as required by our professional standards to assist you in fulfilling your obligation to oversee the financial reporting and disclosure process.

REQUIRED COMMUNICATIONS

Professional standards require the auditor to provide those charged with governance with additional information regarding the scope and results of the audit that may assist them in overseeing the financial reporting and disclosure processes which the management of the Project is responsible. We summarize these required communications as follows:

Overview of the planned scope and timing of the audit

Our audit scope and timing is consistent with the plan communicated in our engagement letter dated March 10, 2025 and at our audit planning meeting with management.

Auditors' Responsibilities under Auditing Standards Generally Accepted in the United States (US GAAS) and Generally Accepted Government Auditing Standards (GAGAS)

The financial statement and the other supplementary information is the responsibility of the Project's management as prepared with the oversight of those charged with governance. Our audit was designed in accordance with auditing standards generally accepted in the United States and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, to obtain reasonable, rather than absolute, assurance that the financial statement is free of material misstatement.

An audit of financial statements includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control over financial reporting. Accordingly, we express no such opinion.

An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation.

Our responsibilities are included in our audit engagement agreement.

Changes to the audit strategy, timing of the audit and significant risks identified

Our audit strategy is consistent with the plan communicated during the March 2025 meeting with Management.

Matters relevant to our evaluation of the entity's ability to continue as a going concern

We did not identify any events or conditions that led us to believe there was substantial doubt about the Project's ability to continue as a going concern.

Our views about the qualitative aspects of the entity's significant accounting practices, including:

- **Accounting policies**

Management has not selected or changed any significant policies or changed the application of those policies in the current year.

We have provided a discussion of significant accounting policies and financial statement disclosures and related matters in Note 2 of the financial statement.

We determined that those charged with governance are informed about management's process for formulating particularly sensitive estimates and about the basis to our conclusions regarding the reasonableness of those estimates.

Related party relationships and transactions

We noted no significant matters regarding the Project's relationships and transactions with related parties.

Changes to the terms of the audit with no reasonable justification for the change

None.

Significant unusual transactions

We are not aware of any significant unusual transactions executed by the Project.

Difficult or contentious matters subject to consultation outside of the audit team

There were no difficult or contentious matters that required consultation outside of the audit team.

Material corrected misstatements related to accounts and disclosures

Refer to the “Management Representations Letter” in Appendix A.

Uncorrected misstatements related to accounts and disclosures, considered by management to be immaterial

Refer to the “Management Representations Letter” in Appendix A.

Significant deficiencies and material weaknesses in internal control over financial reporting

We have issued our Report of Independent Auditors on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards* dated November 14, 2025.

Fraud and noncompliance with laws and regulations (illegal acts)

We are not aware of any matters that require communication.

Obtain information relevant to the audit

Inquiries regarding matters relevant to the audit were performed during the March 2025 meeting.

Independence matters

We are not aware of any matters that in our professional judgment would impair our independence.

New accounting pronouncements

No issues have been identified with regard to management’s planned application of new accounting pronouncements.

Significant issues discussed with management in connection with the auditor’s initial appointment or recurring retention

We are not aware of any matters that require communication.

Disagreements with management and significant difficulties encountered in dealing with management when performing the audit

There were no difficulties encountered in dealing with management in performing the audit.

Management consultations with other accountants

We are not aware of any consultations made by management with other accountants or specialists.

Other material written communications with management

None.

Other matters

There are no other matters arising from the audit that are, in our judgment, significant and relevant to those charged with governance regarding the oversight of the financial reporting process.

AICPA ethics ruling regarding third-party service providers

From time to time, and depending on the circumstances, (1) we may subcontract portions of the Audit Services to other EY firms, who may deal with the Project or its affiliates directly, although EY alone will remain responsible to you for the Audit Services and (2) personnel (including non-certified public accountants) from an affiliate of EY or another EY firm or any of their respective affiliates, or from independent third-party service providers (including independent contractors), may participate in providing the Audit Services. In addition, third-party service providers may perform services for EY in connection with the Audit Services.

Engagement team's involvement with preparation of the financial statements

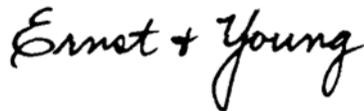

Under *Government Auditing Standards* 2018 Revisions, Chapter 3 General Standards, Paragraph 3.73 Requirements for Performing Non-audit Services explains that the audit team should make consideration of management's ability to effectively oversee the non-audit (or non-attest) services to be performed. The engagement team should determine that the audited entity has designated an individual(s) who possesses suitable skill, knowledge or experience and that the individuals understand the services to be performed sufficiently to oversee them. The engagement team should document consideration of management's ability to oversee non-audit services to be performed.

The engagement team believes that this significant threat is reduced to an acceptable level upon application of the following safeguards:

- An engagement quality control review was performed by a qualified Ernst & Young Partner who was not otherwise involved in the audit.
- All adjusting journal entries that Ernst & Young posted to the trial balance have been approved by management of the Project.
- The preparation of the financial statement is based on the Project's trial balance with our understanding that the Project's underlying books and records are maintained by the Project's accounting department and that the final trial balance prepared by the Project is complete.
- The Project's Accountant has the skill sets to oversee and review the completeness and accuracy of the financial statement and footnote disclosures.

This communication is intended solely for the information and use of those charged with governance, Project management, and the Office of the Auditor-General, and is not intended to be, and should not be, used by anyone other than these specified parties. However, this report is also a matter of public record.

Very truly yours,

The signature is written in a cursive, handwritten style. The words "Ernst" and "Young" are connected by a plus sign, and the entire signature is written in black ink.

In connection with your audit of the financial statement of the Republic of the Marshall Islands (RMI) Maritime Investment Project (the Project) financed by the World Bank's International Development Association-Grant Number D452-MH, which comprises the statement of cash receipts and disbursements for the year ended September 30, 2023, and the related notes to the financial statements, we recognize that obtaining representations from us concerning the information contained in this letter is a significant procedure in enabling you to form an opinion whether the financial statement presents fairly, in all material respects, the cash receipts and disbursements of the Project in conformity with the cash basis of accounting, which is a basis of accounting other than US generally accepted accounting principles (US GAAP).

Certain representations in this letter are described as being limited to matters that are material. Items are considered material, regardless of size, if they involve an omission or misstatement of accounting information that, in light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement.

Accordingly, we make the following representations, which are true to the best of our knowledge and belief:

Management's responsibilities

We have fulfilled our responsibilities, as set forth in the terms of the audit engagement agreement dated March 10, 2025, for the preparation and fair presentation of the financial statement (including disclosures) in accordance with the cash basis of accounting, which is a basis of accounting other than US GAAP, applied on a basis consistent with that of the preceding years.

In preparing the financial statement, we evaluated whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Project's ability to continue as a going concern for one year after the date that the financial statement is issued (or available to be issued, if applicable), and to provide appropriate financial statement disclosure, when applicable, related to going concern and using the going concern basis of accounting unless we prepared the financial statement in accordance with the liquidation basis of accounting.
